GIANTS VICTORS IN THE TENTH INNING

New York Nationals Defeat Athletics in Sensational Rally After Trailing All the Way.

SLUGGERS DRIVE MARQUARD FROM BOX

New York, Oct. 25.—The New York Giants defeated the Philadelphia Athletics in a thrilling game by a score of 4 to 3 in ten innings of play this afternoon.

The Athletics' commanding lead of three runs was finally overcome in a desperate ninth inning rally by the Giants, who sent two runs across the plate with two doubles and a single.

The home team won in the tenth when Doyle doubled, was advanced to third on an attempted sacrifice and then scored on a long fly by Merkle, which Murphy captured on the line.

Doyle beat the throw to the plate. Some claim that Merkle's drive was foul. If this were true Murphy committed a tactical blunder for by letting the ball drop to the ground it would simply counted as a strike against the batter and the base runners could not have advanced.

The Athletics have now won three games of the series and the Giants have won two games. The official score:

Philadelphia.

Summary:

Two-base hits—Doyne (2), Fletcher, Crandall. Home run—Oldring. Pitching record—Off Marquard, 3 hits in 12 times at bat in 3 innings; off Ames, 2 hits 13 times at bat in 4 innings; off Crandall, 2 hits 11 times at bat in 3 innings; off Coombs, 8 hits 32 times at bat in 9 innings; off Plank, 1 hit 3 times at bat in 1 inning. Sacrifice hits—Snodgrass. Sacrifice flies—Meyers, Merkle. Stolen bases—Collins, Herzog, Doyle, Barry. Left on bases—Philadelphia, 5; New York, 8. First base on balls—Off Marquard, 1; off Coombs, 2. Hit by pitcher—By Coombs, 1 (Merkle). Struck out—By Marquard, 2; Ames, 2; Coombs, 9. Wild pitch—Crandall. Time—2:30.

IN LAST STAND FIGHT.

Giants Out Determined to Win; Athletics Confident.

Polo Grounds, New York, Oct. 25.—Some thirty thousand spectators swarmed out to the polo grounds this afternoon to see the Philadelphia Athletics and the New York Giants clash in the fifth game of the world's series. With three victories already won the Athletics came on the field determined to capture a fourth contest and settle the question of the baseball championship for 1911. The Giants were making their last stand to win another victory to give them a further chance at Championship laurels.

"If we lose we will go down fighting," said Manager McGraw. "If the Giants can't win this series it has been determined to make a winter trip to Cuba.

Day a Perfect One.

Indian summer never furnished a more balmy day for a post-season baseball contest. The sun shone brilliantly in an unclouded sky and the playing

(Continued on Page Two.)

STORY OF GAME

First Inning.

Athletics—Marquard used great speed and was inclined to be unsteady, and Lord had three balls and two strikes on him when he drove a short liner to left on which Devore made a wonderful shoe string catch. Devore picked the ball off the tips of the grass and the great crowd cheered. Oldring went out on a grounder to Doyle, who made a pretty play on the ball to Merkle. Oldring broke his bat in smashing the ball. Marquard seemed slightly nervous and Meyers went down and patted him on the back. Collins was out on a fly to Snodgrass. No runs, no hits, no errors.

New York—Devore hit the first ball pitched to Barry, who got his man handily at first. Doyle hit a weak foul which Baker captured. Snodgrass was given a big cheer when he stepped to the plate. Snodgrass went out by the Baker-Davis route. Davis made a nice pick-up of Baker's throw. No runs, no hits, no errors.

Second Inning.

Athletics—Baker got a big hand when he came to the plate. There was another cheer when Marquard fanned Baker. Marquard's speed was terrific. Murphy singled sharply to left. Marquard almost pinched Murphy off first on a snap throw. The crowd jeered Umpire Dineen when he called Murphy safe. Davis waited Marquard out and then fanned. Murphy tried to steal second but was out, Meyers to Doyle. No runs, one hit, no errors.

New York—Murray could not see Coombs' fast ones and struck out. Merkle was another strike-out victim, the third strike completely fooling the Giant player. Herzog singled between Barry and Baker after Coombs had had two strikes on him. Herzog stole second. It was the second base stolen by the Giants in the series. Fletcher fanned and Coombs was cheered for his better pitching. No runs, one hit, no errors.

Third Inning.

Athletics—Barry went out on a grounder to Herzog, whose throw beat the runner several feet. Lapp singled over second, hitting a ball that was far over his head. Meyers had Lapp caught off first on a beautiful throw, but Merkle dropped the ball. It was not an error for Merkle. Coombs hit a grounder to Herzog who threw to Doyle but the Giant second baseman dropped the ball in his eagerness to make a double play. With a man on first and second Meyers went down and talked to Marquard. Lord sent up a high one to Doyle. Lapp, Coombs and Oldring scored on Oldring's home run drive into the left field stand. The crowd went wild and the Athletics' players shook Oldring's hand as he came to the bench. Oldring's smash unsteadied Marquard and Collins strolled to first on four wide ones. Collins stole second. Meyers throw was wide. McGraw sent Ames out to warm up. Baker was out on a grounder to Merkle, unassisted. Three runs, two hits, one error.

New York—Meyers rapped a single which bounded off Baker's legs. Becker was sent to bat in place of Marquard. Becker shot a liner to Barry who tried to double Meyers off first but Davis dropped the ball. Under the rules of the scoring Davis is not credited with an error. Devore struck out and Meyers was out attempting to steal, Lapp to Collins. No runs, one hit, no errors.

Fourth Inning.

Athletics—Ames now went into the box for Giants. The crowd howled when he curved the first ball over for a strike. Murphy sent up a high foul which landed in Meyer's mitt. Davis was out

YOUNG WOMAN PHYSICIAN VICTIM IN INDIANAPOLIS MURDER MYSTERY.

DR. HELENE E. H. KNABE

POLICE STILL AT SEA IN PROBE OF WOMAN'S DEATH

Close Friends of Dr. Knabe Under Inquiry in Investigation of Possible Suicide Theory.

Indianapolis, Ind., Oct. 25.—Detectives today took to police headquarters for examination Augusta Knabe, cousin, and Katherine McPherson, assistant to Dr. Helen Knabe, former state bacteriologist, who was found dead with her throat slashed in her apartment early yesterday.

Why there was a delay of over an hour in summoning the police after Dr. Knabe's body was found by Miss McPherson and what were the conditions in detail were questions put to the two women.

After Miss McPherson entered Dr. Knabe's flat and saw her body with a gaping wound in the throat, she stated she first called by telephone Augusta Knabe from her home in a distant part of the city. The dead woman, Miss McPherson said, was lying on the bed on her back without cover. Her night dress was wadded under her arms. Miss McPherson added that she pulled the night dress down over Dr. Knabe's body before the arrival of physicians, whom she summoned before the police were notified. This action, the detectives said, would explain the presence of blood on Dr. Knabe's left leg, for the night dress was soaked full of blood as it lay crumpled under her chin.

Deny Seeing Knife.

Miss McPherson and Miss Knabe were with the body of Dr. Knabe for nearly an hour before the arrival of Dr. Ernest Reyer, who was the first of Dr. Knabe's other friends to enter the apartment. Miss McPherson called Miss Knabe and Dr. Reyer and other physicans by a telephone situated at the foot of the bed upon which Dr. Knabe's body lay. She denied emphatically, as did Miss Knabe, that she saw a knife that might have been used in killing the physician. The detectives today turned to investigation of a theory that Dr. Knabe may have ended her own life and that some of the group of her friends gathered in the flat before the police inquiry got under way, had sought to remove any evidence of suicide.

Investigation of the private life of Dr. Knabe today occupied the detectives assigned to the mysterious case. They purposed to question the dead woman's friends in the medical profession first, for it is said her acquaintanceship was almost entirely confined to persons interested in scientific subjects, in physical culture or in social hygiene.

No Likelihood of Scandal.

That it should be discovered that any scandal attached to the death of Dr. Knabe would be inconsistent with her life, it was pointed out today. She lived alone in the comfortably furnished apartment in which she lived because she devoted all her spare time to study and experimental work. She was a member of the Young Women's Christian association and frequently lectured to its members and to the students of high schools on hygiene, attempting to impress upon them the necessity of purity in all social relations. She was deeply interested in physical and mental culture among women and today was to have taken an examination as instructor in the North American Gymnastic union at its normal school at the German house in this city.

The police last night having released Jefferson Haynes, the negro janitor of the building in which Dr. Knabe lived, after satisfying themselves he could tell nothing of the circumstances of her death, search was taken up today for a hidden motive for her murder. Handsome and of brilliant intellectual attainment as she was, the police after a night's work were unable to discover that she had either an enemy or an intimate man friend. The theory of suicide seemed untenable because the knife with which Dr. Knabe was killed was not found and the coroner assured that the heavy slash that almost severed her head was struck as she lay in bed. There was no trail of blood on the floor.

CHANG-CHOU FALLS; IMPERIAL TROOPS CUT OFF FROM PEKING

Capture of City by Chinese Revolutionists an Important Strategic Victory---Fleet is Driven Back.

Shanghai, China, Oct. 25.—The capture of Chang-Chou by the revolutionists was announced in dispatched which reached this city shortly after noon today. From a strategic point of view this city should prove of great value to the rebels. It is the junction of the Kai-Fung and Peking-Hankow railroads, and is located 250 miles north of Hankow. Its capture apparently cuts off from Peking all the imperial troops now gathered around Hankow and Wu Chang.

Today's news from the lower Yang Tse valley was all discouraging to the government. With Kiu Kiang in undisputed possession of the rebels, the imperial fleet has retreated on down the river, some of the vessels being reported as far eastward as Wu Hu. Conditions are ominous not only in Wu Hu but also in Nanking. Most of the Manchu officials have left these two cities and are crowding into Shanghai, where every hotel is filled with refugees.

Quits City in Alarm.

The Taotai of Shanghai today became so alarmed over the possibility of the secession of the native city to the rebels that he removed his household to the foreign settlement. The Taotai of Nanking has also put himself under the same protection. The city of Su Chow is in panic owing to the revolutionary threats of 5,000 weavers whose wages have been unpaid for a long time. Revolutionary agents here announced today that the insurgents expect to establish their headquarters at Kiu Kiang, which will probably be the revolutionary capital.

The probable attitude of Yuan Shi

EXPERTS TALK ON CARE OF ORCHARDS

Professors from Experiment Station Address Large Gathering.

GIVE DEMONSTRATION

The orchard demonstration meeting, given under the auspices of the Purdue Horticultural department, held today at the colony farm of the Indiana state school for feeble minded youth, attracted farmers from miles around, and by 10 o'clock over one hundred farmers had gathered. The crowd had increased to between three and four hundred at 3 o'clock this afternoon.

N. W. Richards and J. H. Reed, of the horticultural department of Purdue university, experiment station, both leading authorities on the care of fruit trees, arrived in the city Tuesday evening preparatory to the opening of the demonstration.

Mr. Reed occupied this morning with a lecture, using as his subject, "General Orchard Management, Cultivation, Fertilization, Marketing and Pruning." An intermission for lunch took place at noon and the afternoon session was opened with a demonstration on spraying and sprays, pruning and the general care of the orchard. Mr. Richards will deliver an address this afternoon on "Insect and Fungus Diseases Controlled, Life History, Sprays and Spraying." The two experts handled their subjects with a skill that held the attention of their listeners every minute, and no better example is needed of the interest the ter example is needed of the interest the ing.

The demonstration proved of untold interest to the farmers, many of whom, while having read up on scientific fruit growing, had never seen the methods put into actual practice.

At the request of the Purdue experiment station the state school turned over five rows of apple trees in the orchard on the colony farm for experimental purposes. Scientific care had been bestowed upon all of these trees since last spring, with the exception of a small plot set aside, to show the difference in the crop produced by the methods advocated by the experiment station, and that produced by trees not receiving care. The result showed that a large percentage of the apples on the uncared for trees were wormy, while only about 2 per cent. on the tended crop showed worms. These five rows of trees attracted considerable attention from the assembled gathering.

Ora F. Richards, an expert in orchard management, who has had charge of the colony farm for the past two years, had about 1,000 bushels of apples on display, showing those produced on the trees attended under the direction of the experiment station and the crop from other trees.

FORT WAYNE WOMAN LUCKY; DRAWS A FARM IN ROSEBUD

Mrs. Jincy J. Chapman, of Leith Street, Shares in Uncle Sam's Big Land Distribution.

A little army of joys marched boldly into the home of Mrs. Jincy J. Chapman, of 437 East Leith street, this morning, when that lady received a telegram from her son in Gregory, S. D., announcing that she had drawn one of the choice quarter sections in the Rosebud reservation at the government land drawing.

Mrs. Chapman's son, Heber, went to Gregory three years ago and drew 160 acres of land. He moved to his farm and proved his title and has become a prosperous farmer of the great northwest. Mr. Chapman was anxious for his widowed mother to come to South Dakota, and at the last drawing he persuaded the aged lady to register at the opening.

Registered Week Ago.

A week ago last Sunday Mrs. Chapman and her daughter went to Gregory and last Wednesday the Fort Wayne woman registered on the land books. At yesterday's drawing Mrs. Chapman won No. 1588 and will soon be allotted her 160 acres.

Mrs. Chapman has a favorable opinion of the northwest and early in the spring she and her daughter will move to Gregory and take up their residence on their new land in the Rosebud reservation. By living on the farm fourteen months Mrs. Chapman will have a clear title to the land. She intends to raise stock, as she will be without necessary help to raise grains. The lucky woman was formerly from Whitley county, having moved to this city only a few months ago.

Other Hoosiers Lucky.

According to reports received from Gregory many Hoosiers have been lucky in the land allotments. Jessie Maitlen and Thomas Morris, of Redkey, and Will Keefe, of Elkhart, won the choice land yesterday and among other Hoosiers who drew lucky numbers were N. C. Chair, Vine and Walnut streets, Greencastle, No. 1,411; John George Keebler, 722 East Kasey street, South Bend, Ind., No. 1,418; Don L. Dubois, Hoover, No. 1,437; Walter Frank, Aurora, Ind., No. 1,447; Liburn Titus, 800 Broadway, Gary, No. 1,516; Ebenezer Jeffers, Terre Haute, 1,823, and Rosanna Helper, Ontario, 1,519.

GILDDEN TOUR AUTOIST DIES

S. M. Butler, of New York, Killed When Car Overturns.

OTHERS BADLY HURT

Tifton, Ga., Oct. 25.—S. M. Butler, of New York city, was instantly killed near here this morning when the automobile which he was driving in the Glidden tour was overturned. T. J. Walker and his wife were hurt.

Butler was chairman of the contest board of the American Automobile association. Walker is the referee of the Glidden tour now in progress.

The accident was caused by a break in the steering gear. The car was wrecked and Mr. Butler was instantly killed when he was crushed by the wheel hub. Referee Walker's injuries are believed to be serious. Mrs. Walker's arm was broken. The injured were carried to a Tifton hospital.

Referee Walker is president of the California Automobile association and had been selected as referee for the Glidden tour on its run from New York to Jacksonville.

PUTS THE BLAME ON WALL STREET

Kline Says Money Kings Forced Strike Upon Rail Shopmen.

SAYS FIGHT IS WON

Chicago, Oct. 25.—The strike of shopmen on the Harriman lines was forced on the men by Wall street, according to James W. Kline, president of the International Brotherhood of Blacksmiths, in an address today before 3,500 strikers at the Illinois Central plant at Burnside. Further, Mr. Kline said Julius Krutschnitt had admitted to him the truth of his assertion.

"Mr. Krutschnitt told me he was following the instructions of the board of directors," said Mr. Kline.

"Wall street," continued Mr. Kline, "thought we were ready to back down and discrimination was begun against the Harriman lines until the men were forced to go out.

"We have the strike practically won. It now is four weeks old and the roads are beginning to feel its effect. Their rolling stock is beginning to show the lack of repairs."

Two new cases of diphtheria were placed under quarantine Tuesday, making a total of twelve homes under quarantine in the city.

BETTER BANKING LAWS ARE NEEDED

Mr. Worden Would Follow Lines of National Commission.

TALKS TO BANKERS

Indianapolis, Oct. 25.—Necessity for improvement in banking laws, in line with the suggestions of the national monetary commission, was the keynote of the address by Charles H. Worden, president, of Fort Wayne, at the opening session of the Indiana Bankers association convention today. A. Piatt Andrews, assistant secretary of the United States treasury, also spoke along the same lines.

The bankers were welcomed by Governor Marshall. Former United States Senator Aldrich, chairman of the national monetary commission, will speak tomorrow at the closing session.

Asaisls Aldrich Plan.

Gov. Marshall in welcoming the bankers expressed a strong disapproval of the Aldrich plan for the centralization of the nation's wealth. "If the bankers of the country are converted to the centralization plans," said hte governor, "they will regret it only once and that will be eternally.

"There will never be peace in the financial world until the people have confidence in the banks. I am opposed to the government sticking its nose into business, but unless the banks adopt some plan to make the depositors safe the government will step in and do it."

Gov. Marshall also said he was in favor of permitting banks to loan money on real estate. He said if this were done the "home people and not Wall street would get the benefit funds."

MAN WITH A MESSAGE.

Montague Beauchamp at First Presbyterian Church Tonight.

Rev. Montague Beauchamp, of the China-Inland mission, a man with a message that is interesting, will deliver an address on "China and the Problems Confronting Her" at the mid-week meeting of the First Presbyterian church this evening. Mr. Beauchamp has spent many years in China and thoroughly understands conditions in that country. He is a great speaker and in view of the present troubles in China at present his address this evening will be one of unusual interest.

HOME ON FURLOUGH.

Ed Denter is spending a short furlough with his mother, Mrs. J. M. Denter, of 651 High street. Mr. Denter has an official position at the Bremerton, Washington, navy yards, and has been in the government service for the past seven years. This is his first visit in this city since he joined the navy. Mr. Denter, in his travels, has acquired some valuable mines in Alaska, and he will soon go to the territory to inspect his purchases.

POISON VIAL NOT BURIED WITH BODY

Disclosed by Examination of Remains of Miss Avis Linnell.

RICHESON TO CHURCH

Boston, Oct. 25.—The vial or container in which Miss Avis Linnell received the cyanide of potassium which caused her death, was not buried with her body. This possibility, which led to the examination of the body from its grave in Hyannis, was disproved at the examination made early today by Medical Examiner Timothy Leary. The remains were today sent back to Hyannis on an early train and re-interred.

The examination of the body of the young woman was held in the early morning at the city hospital morgue, continuing about an hour and a half. The medical examiner denied that ther had been an autopsy.

Other than to say that an examination had been held and that he would report his findings to District Attorney Pellitier, Medical Examiner Leary refused to discuss the case.

Pastor Asks Consideration.

Rev. Richeson yesterday addressed the following letter to his congregation at the Immanuel Baptist church, Cambridge:

"Dear Brethren—I appreciate the position in which the church is now placed, but I ask its consideration until after the preliminary hearing, or, if the grand jury previously meets, until that time. Most fraternally,

"Clarence V. T. Richeson."

BEVERIDGES REACH NEW YORK.

Former Senator States He Will Leave Soon for Indianapolis.

New York, Oct. 25.—Declaring he had spent an enjoyable summer with his wife and children at a favorite resort in Switzerland, Albert J. Beveridge arrived here yesterday, the first passenger to step ashore from the liner Kaiser Wilhelm II. The former Indiana senator descended the gang plank with his son on his shoulder, his wife and second child following. The family was greeted at quarantine by Thomas R. Shipp, of Indianapolis, Mr. Beveridge's former secretary. Mr. Beveridge stated he had improved physically during the outing and that he had spent much time in study. He had nothing to say on the subject of politics and asserted he intended leaving for Indianapolis after a few days here with publishers.

GIVES UP BERTH; GETS $110,000.

New York Man Willed Property of Woman He Aided on a Sleeper.

New Haven, Conn., Oct. 25.—Because he surrendered a sleeping car ticket to her on a trip from New York to Washington twenty years ago, after she was unable to obtain a berth, Mrs. Helen Amelia Marsh has left the bulk of her estate of $110,000 to Everett W. Marlowe, of New York.

At the time he met Mrs. Marsh young Marlowe's ambition was to go to Harvard, and when Mrs. Marsh learned of this she insisted that his education be completed at her expense. Marlowe finished his course at Harvard and later was graduated from the Columbia Law school.

Marlowe is made an executor under the will, which was filed in the probate court today.

COUNTRY SCHOOL A SOCIAL CENTER

Advocated by Mrs. Clarke in Address to Club Federation.

OTHERS ARE HEARD

Indianapolis, Oct. 25.—"That country schools should be made social centers so that farmers' wives might be relieved of much of the drudgery and monotony of their lives" was a recommendation of Mrs. Grace Julian Clarke, of this city, retiring president of the Indiana Federation of Clubs at the convention of the federation today. Better housing conditions throughout the state not only in tenements, should be striven for, she said.

Former Vice President C. W. Fairbanks, Mrs. C. G. Mitchell, of Bedford, and Miss C. D. McIlvaine, of Vincennes, were among those that addressed the convention.

Mr. Fairbanks led a discussion in advocacy of reforestation.

GIANTS VICTORS IN THE TENTH INNING

[Continued from Page One.]

grounds was right as the proverbial trivet.

There was a loud cheer from the stands when the megaphone man announced that Marquard and Meyers were the batteries for New York, and Coombs and Lapp for the Athletics.

Umpire Klem went behind the bat with Umpire Dineen giving decisions on the bases, while Umpire Brennan went to right field and Umpire Connelly to left field.

Fighting in Last Ditch.

The New York Giants were fighting in the last ditch today to wrest the title of world's champions from the Philadelphia Athletics. With three victories won out of four games played the American league leaders needed but one more to clinch the title for 1911. The eve of the fifth struggle today saw the same big crowd moving toward the polo grounds and though the home team seemed to have but a bare chance of victory still there was no lack of enthusiasm and interest and the indications were that the attendance would be as large as at the previous games here.

There was a dearth of betting, the Athletics being regarded as the ultimate winners of the series and only a few cared to take the short end of 4 to 1 laid against the home club.

Coombs and Lapp for the Athletics and Marquard and Meyers for the Giants looked to be the battery selections for today's game. The batting order, subject to last minute changes, follows:

Giants—Devore, lf.; Doyle, 2b.; Snodgrass, cf.; Murray, rf.; Merkle, 1b.; Herzog, 3b.; Fletcher, ss.; Meyers, c.; Marquard, p.

Philadelphia—Lord, lf.; Oldring, cf.; Collins, 2b.; Baker, 3b.; Murphy, rf.; Davis, 1b.; Barry, ss.; Lapp, c.; Coombs, p.

Umpires—Klem and Brennan, National league; Connelly and Dineen, American league.

Capered Like Schoolboys.

Except for the fall chill in the air the weather was all that could be asked. The sun in a cloudless sky shone through an atmosphere so clear and dry that it made the players out for early practice skip about the field like school boys. A day of clear weather had dried the diamond and the grounds showed conditions almost as good as on the day of the first game of the series.

Although under the rules governing the series the players' share of the receipts is limited to the four games already played, there was a big financial consideration still to urge them. Today the players knew the exact value of the stakes. Victory in the series meant the difference between $3,654 and $2,436 for each player. Under the rule the victors take sixty per cent of the total allotted to the players.

Some Advance Talk.

"We'll be out there fighting today just the same," said Captain Larry Doyle, as the Giants' captain came to the polo grounds this morning. "True, we have used Mathewson to stop the Athletics, but Marquard is now our main dependence. Ames also is in good shape, and if we win today we can put him in tomorrow. We have not lost hope though things don't look bright; but you never can tell in baseball. It's a queer game."

Marquard has been carefully groomed for this contest by Manager McGraw. "Chief" Meyers is the most hopeful of the home club, saying, "If one club can win three straight, there's no reason why another one can't."

"We are playing for today's game," declared "Connie" Mack. "If we don't get it we will try all the harder for the game tomorrow. I think we have a good chance of winning the title of world's champions again. I really can't say who will pitch today. It may be Coombs and then again it may be Plank. Morgan and Krause are also good pitchers who have not been shown in this series."

STORY OF GAME

(Continued from Page One.)

when Merkle took his grounder and ran to first. Ames used a big drop and a wide out curve in his service. Barry went out, Fletcher to Merkle. No runs; no hits; no errors.

New York—Doyle hit a long fly into the right field seats and the crowd groaned when it went foul. Doyle slashed a double down the right field foul line. The crowd tried to rattle Coombs with its cheers but it seemed to have the opposite effect, for he fanned Snodgrass. Murray fanned for the second time. Merkle was hit by a pitched ball, the fast in-shoot and took first. Herzog ended the Giants' hope by sending up a high foul to Lapp. No runs.

Fifth Inning.

Athletics—Lapp went out, Doyle to Merkle. The stands gave Coombs a big cheer when he came to the bat for his clever pitching and he responded by singling to left. Lord forced Coombs at second on a grounder to Doyle, who threw to Fletcher. Oldring went out, Fletcher to Merkle. No runs, one hit, no errors.

New York—For the first time during the series McGraw did not take the coaching line. Fletcher sent a high one to Lord. Meyers struck at a ball which hit him in the leg and then drove a long foul into the left field seats. Meyers fanned on a high one, which was a foot over his head. Ames was Coombs' eighth strike-out victim. No runs, no hits, no errors.

Sixth Inning.

Athletics—Collins fouled out to Merkle on an attempted bunt. The outfielder's moved back when Baker came to the bat. Baker went out, Doyle to Merkle, on a close play. Murphy struck out on Ames' drop curve. No runs, no hits, no errors.

New York—Devore was out when Collins scooped his grounder and shot it to first. Doyle put a single to right just out of Collins' reach. Snodgrass put up a high one which Murphy took. Doyle stole second. Murray flied to Lord. No runs, one hit, no errors.

Seventh Inning.

Athletics—Davis was out on a grounder to Fletcher, who made a pretty play on the ball and had the runner at first by several feet. Barry got a Texas leaguer to right. Barry stole second, making a beautiful fall-away slide. Lapp fanned. Coombs popped up to Fletcher. No runs, one hit, no errors.

New York—Coombs was wild and Merkle walked. Herzog shot a grounder to Barry, who fumbled the ball. Both Herzog and Merkle were safe. Fletcher shot a grounder to Davis, who threw to Barry, forcing out Herzog. Merkle scored on a sacrifice fly off Meyers to Murray. Crandall was sent in to bat for Ames. On Murphy's throw to the plate Fletcher went to second. Coombs was unsteady and Crandall walked. Devore was out on a grounder, Davis to Coombs. One run, no hits, one error.

Eighth Inning.

Athletics—Crandall was now in the box for the Giants. Lord flied to Snodgrass. Oldring singled through short. Collins flied out to Devore. On a wild pitch Oldring took second. Baker fouled out to Herzog. No runs, one hit, no errors.

New York—Doyle singled to righ. Coombs appeared to have sprung a Charley horse in his leg and time was called while Davis rubbed the limb. After a minute play was resumed. Coombs threw out Snodgrass at first, Doyle taking second. Merkle out, Baker to Davis. No runs, one hit, no errors.

Ninth Inning.

Athletics—Fletcher made a horrible muss of Murphys grounder and the runner was safe. Davis forced Murphy on a bunt to Crandall, who threw to Fletcher. Barry forced Davis, Herzog to Doyle. Barry was out stealing, Meyers to Fletcher. No runs, no hits, one error.

New York—Herzog was out, Barry to Davis. Fletcher dropped a double to left. Meyers was out, Barry to Davis, Fletcher taking third. Crandall at the bat, Fletcher scored on Crandall's double to right. Devore at bat. Crandall scored on Devore's single to left, tieing the score. The stands went crazy with delight. Devore out, stealing, Lapp to Barry. Two runs, three hits, no errors.

Tenth Inning.

Athletics—Lapp out, Crandal to Merkle. Coombs scratched an infield single. It was a close play at first on Meyers' throw to Merkle and the crowd jeered. Strunk ran for Coombs. Lord flied to Devour. Oldring at bat. Strike one, Oldring out. Meyers to Merkle. No runs, 1 hit, no errors.

New York—Plank now went into the box for the Athletics, Doyle doubled to left. Plank took Snodgrass' attempted sacrifice and threw to third, but failed to catch Doyle. Murray flied to Murphy. Snodgrass was now on first and Doyle on third, with only one out. Doyle scored on Merkle's sacrifice fly to Murphy. One run, one hit, no errors.

The score: Philadelphia, 3, 7, 1; New York, 4, 10, 2.

MARRIAGE LICENSES.

Grover C. Hugnenard, 26, salesman, and Maude E. Ensminger, 23.

Charles F. Stellhorn, 24, farmer, and Elizabeth R. Van Dolah, 22.

Albert T. Weinmann, 27, contractor, and Mathilda Wellman, 25.

Glenn W. Houser, 21, meter tester, and Amelia B. Klaffei, 21.

A. G. Waidelich, of Purdue, has returned home after a visit with Mr. and Mrs. M. H. Nussbaum and daughter, of Lakeside.

THRESHED WHEAT AND LOST MONEY

Old Saw Gets a Bald Jolt in Circuit Court at Auburn.

SUIT AGAINST CITY

"Good as old wheat in the mill" got an awful jolt in the Auburn circuit court today where a judgment for $292.40 was secured by August Delegrange against Arthur Waters all on account of some wheat that the latter had threshed and put away for future reference.

Delegrange rented some land in Allen county and when it was sold he moved off before his lease expired to accommodate Waters, who was the purchaser. He left some wheat behind and the purchaser claimed it. He went to the expense of harvesting the crop, had it threshed and stored and he lost the full value with 6 per cent. interest and didn't get a cent for the expense he had incurred.

Sues City for $5,000.

Mary Meyers has entered suit against the city of Fort Wayne demanding $5,000 damages for injuries which she sustained last January.

In her complaint she charges that a hole in the sidewalk on St. Joe boulevard, caused her to fall and that aside from her bruises her injuries were aggravated by the fact that she was soon to have become a mother. Phil B. Colerick filed the suit.

Asks An Injunction.

Dr. M. F. Schick, owner of the Odeon hall building on West Main street, has asked for an injunction to prevent the Labor Times Herald from installing a cylinder press. He alleges that the vibration of the machine will injure the structure. Martin H. Luecke filed the suit.

Board Accepts Road.

The county commissioners today accepted from the N. Y., C. & St. L. Railroad company a stretch of road east of the city and along the line of the New Haven road, which was constructed by the company for the purpose of eliminating two dangerous crossings. Members of the board say the work has been done in a most satisfactory manner and that the new road is as good as there is in Allen county.

After a Few Months.

Dema Vance wants a divorce from Henry Vance and she also wants to tie up his earnings in a meat cutting establishment in which he is employed to help along on the $500 alimony she is seeking in connection with her decree.

She says that in a married life that extended from March 10, 1910, to the 17th of the June following he drank to excess, went home intoxicated, threatened to strike her, called her vile names and forced her to support herself. Emrick & Emrick filed the suit.

Doesn't Live in State.

In the superior court Judge Yaple decided that he had no jurisdiction in the divorce suit of Flossie Gaskill against George Gaskill. The husband insisted that his wife is a resident of Ohio and had not lived in Indiana the two years required by the law. She was unable to prove she had and the judge decided that the divorce case does not properly belong in his court.

Compromised the Case.

Under a compromise affected in the superior court, Sadie Phillips received $1,250 in settlement of her damage claim of $5,000 against the Toledo and Chicago Railway company. She said she was injured in a collision.

Congressman Cyrus Cline was in the city today.

William Rodenbeck, who underwent an operation for appendicitis at the Lutheran hospital last week, is now recovering nicely.

THE WEATHER.

WALSH FUNERAL SERVICES HELD

Scores of Men Prominent in Business and Politics There.

BEDFORD HALTS WORK

Chicago, Oct. 25.—Scores of men prominent in business and politics, today attended the funeral of John R. Walsh, the former Chicago banker, who died Monday, eight days after being paroled from the federal penitentiary at Leavenworth, Kan.

Former employes of Walsh's bank acted as pall-bearers. Public services were held at the family residence followed by private services at Oakwood cemetery. While the funeral was being held work in all stone quarries at Bedford, Ind., where Mr. Walsh had extensive interest, was suspended for ten minutes.

CHANG-CHU FALLS; IMPERIAL TROOPS CUT OFF FROM PEKIN

(Continued from Page One.)

Kai, whose "lame foot" prevented acceptance of the government's commission to put down the rebellion, is a subjecct of lively interest here. Yuan is everywhere regarded as the man of the hour in China. It is hinted here that he may be induced soon to give the rebel cause his active support against the Manchu dynasty.

Press Defies Censorship.

Although the Manchu officials here continue to give out false news as to the state of affairs in Kiu Kiang and other cities in order to create an impression that the imperialists are still in control the native press in Shanghai and in cities throughout South China has defied all censorship and is printing the most exaggerated reports of insurgent successes in all parts of the country. Apparently the government officials are making no effort to enforce the censorship. It is unquestionably a fact that the entire Yang Tse region and most of southern China as well is completely revolutionary in sentiment. All the cities which have been taken over by the rebels in the past few days have been captured almost without resistance. The local government has surrendered quietly and rebel appointees have taken their places with little stir. A few Manchu officials have been killed, but most of them have joined the rebel cause.

DROPS DEAD IN DOORYARD.

Clay C. Leek, Terre Haute Druggist, Expires Suddenly.

Terre Haute, Ind., Oct. 25.—Succumbing to a sudden attack of heart trouble early this morning in his own dooryard while starting to work for the day in his sons drugstore, Clay C. Leek, 67 years old, veteran druggist and soldier of this city, fell dead. He was a citizen of Terre Haute for more than forty years. He enlisted in the Eleventh and One Hundred and Twenty-sixth Indiana volunteer regiments of infantry July 23, 1861, and received his final discharge Sept. 19, 1865.

RODGERS MACHINE WRECKED.

Aviator Escapes Injury in Accident at Spofford, Texas.

Spofford, Texas, Oct. 25.—The biplane of C. P. Rodgers, the coast to coast flyer, was wrecked near here early today as the aviator attempted to take the air, the smash occurring before he left the ground. The machine hit a hillock and it will take at least three days to make repairs. Rodgers was unhurt.

LAST LAUGH IS BEST.

Louis Schroeder's Scheme Materializes—Laborers Go to Work.

Louis Schroeder, superintendent of the local free employment bureau, is in the best of humor today as the result of the final materialization of his great scheme that fell down so badly last week. Mr. Schroeder brought a carload of laborers to this city from Indianapolis last Wednesday to work for the traction company and various local contractors, and out of forty-seven only six seemed inclined to work.

Yesterday the forty-one who had been roaming the streets of Fort Wayne out of employment called singly and by twos and threes and asked Mr. Schroeder to be kind enough to give them work so that they could get enough money to pay their carfare home. The good-natured superintendent landed jobs for thirty-one of them yesterday and this morning, and as a result he has the joke on the other fellows.

BIRTH RECORD.

Born, to Mr. and Mrs. Harney Dustman, 2205 Hanna street, a daughter.

Born, to Mr. and Mrs. Roy Darling, 1429 Grant avenue, a daughter.

Born, to Mr. and Mrs. Charles Eisenhut, 1005 West Third street, a daughter.

Born, to Mr. and Mrs. Herman Hilie, 934 Home avenue, a son.

Born, to Mr. and Mrs. Gotlieb Heger, 1121 Eliza street, a daughter.

Born, to Mr. and Mrs. Ludwich Anderson, 1330 Wells street, a son.

Born, to Mr. and Mrs. Charles Millikin, 330 East Woodland avenue, a son.

Born, to Mr. and Mrs. Charles Drahot, 1801 Monroe street, a son.

Born, to Mr. and Mrs. Hirschel Fell, 928 Savilla street, a daughter.

Born, to Mr. and Mrs. George Holtrey, 2219 Broadway, a son.

Born, to Mr. and Mrs. J. A. Herber, 2014 Smith street, a daughter.

Born, to Mr. and Mrs. L. J. Schirmeyer, 506 East Jefferson street, a son.

Miss Mollie Shreve has taken a position as agency secretary with the Lincoln National Life Insurance company.

MRS. J. K. CECIL IS RE-ELECTED

Again Chosen President at Missionary District Convention at Auburn.

OSSIAN NEXT YEAR

[Special to The Sentinel.]

Auburn, Ind., Oct. 25.—At the sessions here this forenoon of the thirty-fourth annual convention of the Woman's Foreign Missionary society of the Methodist Episcopal church for the Fort Wayne district of the North Indiana conference, Ossian was chosen as the place for the next annual meeting, and the following officers elected for the ensuing year:

President—Mrs. J. K. Cecil, Fort Wayne.

First Vice President—Mrs. L. M. Haines, Montpelier.

Second Vice President—Mrs. G. H. Myers, Decatur.

Recording Secretary—Mrs. Nettie Hockday, Fort Wayne.

Corresponding Secretary—Mrs. Nellie Mason, Bluffton.

Treasurer—Mrs. Sarah Leasure, Auburn.

Superintendent of Young People's Work—Mrs. Nellie P. Chandler, Pennville.

Superintendent Children's Work—Mrs. F. F. Thornburg, Auburn.

Mite Box Secretary—Mrs. Emily West.

Field Secretary—Mrs. J. A. Beatty, Fort Wayne.

Mrs. Cecil, who was elected president, has been the president of the district society during the past year. Her re-election was unanimous. She is the wife of the pastor of First M. E. church at Fort Wayne. Mrs. Hockaday, for recording secretary, and Mrs. Beatty, for field secretary, both of Fort Wayne, are also re-elections.

The sessions of the convention began Tuesday noon and will continue through today and this evening. They are being largely attended.

LOSES TWO FINGERS

W. B. Miller Struck on Hand While Working on Bursley Building.

W. B. Miller, a carpenter, living at 1140 West Main street, had his right hand so badly mashed Monday morning that it was necessary to amputate the third and ring fingers of the hand. Mr. Miller was working on the new Bursley warehouse, on East Superior street, and was removing a brace nailed to the concrete elevator, when the concrete pan broke from its fastening, falling several feet and striking him on the hand.

Weinman—Wellman.

At the parsonage of Emmaus church with Rev. Philip Wambsgänss the officiating minister, Miss Mathilda Wellman, daughter of Mr. and Mrs. Henry Wellman, of Broadway, became the bride of Mr. Albert T. Weinman. The hour of the ceremony was 4 o'clock this afternoon and immediately after it the bride and groom were driven to the home of the bride's parents, where a bountiful supper was served to about forty guests, who included relatives only. The decorations were white roses and smilex with a large wedding cake trimmed with smilax. The bride wore her traveling suit, a tailored blue cloth with blouse of silk to match and a stylish blue silk hat trimmed with blue wings. Mrs. E. Miller, a sister of the bride, was her attendant. Mrs. Miller wore a green cloth suit with hat to correspond. The bride and groom leave tonight for a few days' trip. On their return they will go to housekeeping in a new bungalow at 807 West Creighton avenue, that Mr. Weinman planned and has been building for his bride. Mr. Weinman was formerly a contractor, but he is now foreman of the Wildwood Builders company.

LECTURE IN JAS. H. SMART SCHOOL

A free lecture will be given on Nov. 1 in the James H. Smart school by Clarence Arthur Perry, of New York. Mr. Perry comes to Fort Wayne under the auspices of the educational department of the woman's league, and his lecture on the subject of "School Buildings as Amusement Places," will be illustrated by stereopticon views. Mr. Perry is in Madison, Wis., now attending a convention of men and women interested in the wider use of school buildings, a feature of the present day settlement work.

The local chapter of the American Institute of Banking will hold its first meeting this evening at the Commercial club. No special program has been arranged for the session, which will be chiefly occupied with routine business. A program for the winter will be submitted by the entertainment committee at the meeting.

WAR IN OREGON LONG AEONS AGO

Indians Tell of Mighty Upheaval There in the Dim Past.

DEVIL WAS IN FIGHT

Portland, Ore., Oct. 25.—Those who travel today up and down the great Columbia River valley first drink their fill of the magnificent scenery of this mightiest of western rivers, which well has been christened "the Achilles of rivers." Then, if they have a business turn of mind, which, if they are Americans, they probably have, their attention will be directed to the great economic improvements that have been wrought along the banks of the great stream.

Chief among these are the two railroads that follow the river. The canal which makes possible water transportation around the Cascades is another great monument of man's activity, while above the Dalles, the half completed government work upon the locks which will open the river from Lewiston to the sea, presents a striking picture of enterprise and activity. Also there is the uncompleted bridge across the Columbia, the work of the Oregon Trunk railroad, which will supply rail connection between the North Bank road and the new Hill line up the Deschutes river into Central Oregon.

All this latter work is near The Dalles of the Columbia. How many travelers interested in the present day activities of railroad and canal builders think of the vastly interesting history of this now active region through which they rush on the modern trains? For not only is the great river, in this section, rich in pioneer adventure, intimately connected with the beginnings of Oregon, but also it possesses a rarely fascinating legendary history.

The legend of The Dalles, passed down from the Indians, is one of the most entertaining, and well bears the telling in these days when this portion of the Columbia is seen by so many and attracts so much attention because of deeds of modern men enacted on its shores.

Mighty Elements Warred.

When the world was in the making, the mighty elements warred each with the other. There were earthquakes, deluges, primeval storms and furious volcanic outbursts. And in those strenuous and uncivilized days man was a fiend.

The Pacific northwest was one of the centers of volcanic action. The Cascades were aglow with craters, from which issued dreadful streams of molten lava, bearing destruction to all they encountered.

Where are now the great and peaceful plains of the Upper Columbia, along the Umatilla and in the lovely valley of the Grand Ronde, was an enormous inland sea, filling the interior of the continent, and on the west checked and hemmed in by a rampart of hills, just east of the desolate plains of The Dalles. Every winter there were fresh volcanic convulsions, and fresh sheets of lava were hurled forth to harden upon the far-reaching layers of fire-hardened dalles.

As ages progressed the eruptions and earthquakes diminished in violence and frequency. And then came a winter when there was none, and finally there were periods of two and even three years when the western world was free from the giant convulsions.

But, says the legend, the fiends continued to war as previously; despite the peacefulness that seemed to be coming to the land in which they dwelt. They were mighty monsters, were these fiends, the mightiest of their destructive weapons were their tails. With these fearsome affairs they could cleft asunder rocks and even mountains, and wreak terrible havoc among the ranks of their enemies.

Stoutest in heart and tail of all the warlike fiends of that region was one particularly wise fiend, the Devil. Being of a thoughtful disposition, the Devil had noted the growing peacefulness of nature, and perceiving it, had more and more come to adopt the ways of peace himself, despite the unpopularity this course aroused among his fighting neighbors. In a crude way the Devil was a reformer, and as such evoked the scorn of brethren content to continue things in the way they always had been done.

Smote Rocks With His Tail.

Now it happened that there was a custom among the fiends to gather upon the plains of The Dalles each autumn, when the erupted lava had become agreeably cool and there hold a grand tournament, somewhat as the collegian warriors of today battle upon the gridiron or the statesmen meet for recreation and wordy combat at the places of parliamentary assembly.

From these fiestas of blood and turmoil the Devil had absented himself for three successive years. So when he finally reappeared he was the object of considerable comment and speculation. Every brother fiend realized that against his great strength there was no hope of individual opposition. And as up to that time the Devil had never become particularly hated, the idea of combined attack upon him had not occurred to the others.

So the Devil approached, after his absence, his massive and destructive tail vibrating proudly. And he said:

"Fellow fiends, the earth is quieting. Eruptions and earthquakes are coming to an end. The elements are becoming peaceful. Cannot we learn a lesson from them? Would it not be well for us to give up war?"

So spake the Devil, intending peace, and precipitating war. Immediately there arose from deviltry in general a howl of hatred and disapproval.

"He would lure us to peace, that he may destroy us easily," they cried. "Death, death to the traitor!"

And all the legions of fiends united for the first time, made at the initial reformer.

The Devil, evidently a wise politician, pursued a fabian policy, and took to his heels. And as he ran his heart was heavy within him, sayeth the chronicle, for he had experienced the first bitter experience with reform. He flagged sadly as he sped over The Dalles, toward the defiles near the great inland sea, intent upon reaching some craggy position whence he could defy attack.

But the foremost fiends were upon him. They were a hundred to one. The moment was critical, and all seemed to be lost for the Devil, and reform appeared to be at the end of its brief career.

However, the Devil was equal to the emergency. Without stopping he smote mightily upon the rock with his tail. The basaltic pavement yielded to the Titanic blow. A chasm opened and went riving up the valley, piercing through the bulwark hills. Down rushed the waters of the inland sea, whirling bowlders through the narrow trough, and making a fearsome guard between the retreating Devil and the pursuing fiends.

Pursuers Took the Leap.

The main body of the Devil hunters shrank back, cowed by the obstacle. But many essayed the leap, and continued in the mad chase, now doubly thirsty for the blood of the faint-hearted reformer.

Again and more fiercely smote the Devil upon the rocky floor with his terrible tail. A larger and more awe-inspiring cleft shot among the rocks, and through it another seething torrent from the inland sea poured fourth to block the way.

Still the leading fiends were not appalled. Many took the leap. Some succeeded in the crossing, others fell into the boiling waters and were swept away to a watery grave, or crushed against the sharp rock walls by the swift flood.

But enough of the bravest were left to make a quick death for the Devil should they reach him. And the poor reformer had just enough time to give one last terrific blow with his tired tail. Mustering all his remaining strength, he struck the rock, and a third crevice, mightier, wider and deeper by far than its predecessors, opened up and blocked the way behind. And it left a mighty gorge through the Cascades, opening a way from the inland sea to the Pacific.

A few of the pursuing fiends tried the leap. But all fell far short of the edge, where the Devil lay panting and exhausted. Those who dared not attempt the forward leap tried to retreat, but in vain, for they, tired and without the rage of pursuit to strengthen them, were unable to leap the lesser cleft, and, falling in its raging waters, also were swept to destruction.

So perished the race of fiends.

And the Devil, after due repose, sprang across the chasms of his making, and returned to his family. Each year he brought his children down to The Dalles and told them the history of his escape.

The fires of the Cascades burned away; the inland sea was drained and replaced by a fair prairie.

Such is the legend of The Dalles of the Columbia, as handed down by the Indians.

During the first six months of this year the Brazilian government distributed sixty-one tons of seeds among farmers and institutions besides a number of books containing advice.

Curtain Poles, Brass Extension Rods, Curtain Brackets, and all other Curtain accessories at lowest prices.

The People's Store

HAD 17 REASONS FOR A DIVORCE

Seven Against Her Husband; Ten Against Mother-in-Law.

THINKS 'EM PLENTY

St. Louis, Oct. 25.—Mrs. Amy Mosberger, a stenographer, in a divorce suit makes seven allegations against her husband and ten against her mother-in-law.

The husband is William A. Mosberger, an artist, who lives with his mother. He married Miss Amy Miller, February 7, and took her to his mother's home. The bride remained there only two days more than a month.

Mrs. Mosberger, the bride, says in her petition that three days after the wedding she asked her husband to send for her trunk, containing her clothing, but he refused, telling her he didn't expect to live with her very long. She says he paid little attention to her and that when she talked he looked at the floor with a contemptuous scowl on his face, indicating to her that he didn't consider her worth noticing. He also permitted his mother to treat her as a servant, she alleges.

The charges against the mother-in-law begin with the statement that she opened and read mail addressed to her son's wife, opened parcels and packages, that she didn't knock at the daughter-in-law's door before entering and frequently ordered her to stop talking.

The question of clothes was a frequent cause of dissension between the women, the mother-in-law making disparaging remarks about the younger woman's taste. Once at a dinner party the mother-in-law is said to have declared that all the buttons were off the daughter-in-law's dress.

The mother-in-law is alleged to have made inquiries about the income of the bride's parents, and then to have declared that all her relatives were lazy. During the month they lived in the same house the mother-in-law is said to have often walked the floor moaning:

"Poor Willie, poor Willie."

Willie was her favorite name for her son. The petition says she "refused to explain the reasons for her lamentations.

At meals, the daughter-in-law says the elder woman would pass food to her son, but would ignore the daughter-in-law.

On one occasion the only fire in the house was in the kitchen stove. The petition says that by her sneers and ridicule the elder woman drove the younger from the kitchen to her bedroom, where she contracted a severe cold. She is also said to have ridiculed the wedding presents sent by friends and relatives of the bride.

Once, Mrs. Mosberger says, she asked her husband if she wasn't his little sweetheart any more. It took him some time to decide, she says, and then he replied that she was not. She says that when she asked him to explain his conduct, he told her he had conscientious scruples against living with her, and that she "could go to court and wash it out."

Lame back is one of the most common forms of muscular rheumatism. A few applications of Chamberlain's Liniment will give relief. For sale by all dealers.

Mrs. S. K. Wisner offers for sale her household goods of six rooms. Hand-painted dinner set of 108 pieces, also hand-painted water color pictures, 13 dozen pieces of silverware and canned fruit. Can be seen at 2805 South Hanna street, 10 a. m. to 7 p. m. or by appointment. Phone 6204. 24-2t.

COUGHING AT NIGHT

BAD FOR CHILDREN — HARD ON PARENTS

Stop it with

FOLEY'S HONEY AND TAR COMPOUND

Acts quickly and has a healing and soothing effect on the inflamed membranes. All coughs have a tendency to grow worse at night. Children with whooping cough and bronchitis always cough worse at night and a cold in the head with tickling in the throat and coughing grows worse at bed time. FOLEY'S HONEY AND TAR COMPOUND will stop the coughing and soothe the irritation in the throat. Contains no opiates, does not constipate, is the best and safest for children and delicate persons.

TAKE NO SUBSTITUTE.

ON EVEN HEAT

IT CAN'T BE BEAT

THE

Peninsular

Has the best flue system of any base burner manufactured. It throws out the heat so that it will reach every corner of the room. You can bake biscuits easily in the ash pan. Don't buy an inferior stove when you buy, but get one that is fully guaranteed.

$1.00 PER WEEK

will buy one and they range in price from

$35.00 to $65.00

TELEPHONE LINES AS COMMON CARRIERS.

Contending that telephone companies are common carriers under the interstate commerce act in the same sense as are railroads, the Home Telephone company of Clarksville, Tenn., has filed a complaint with the interstate commerce commission against the Cumberland Telephone and Telegraph company, a subsidiary of the American Bell Telephone company. Country wide scope is given to the case, as the complaining corporation asks the commission to formulate rules and regulations to govern the operation and charges for service of all companies.

According to the petition of the Home company its local lines in Tennessee were augmented by a connection with the Long Distance Telephone and Telegraph company. Later the Long Distance company defaulted on its bonds and the property was taken over by the Alabama and Tennessee Telephone and Telegraph company, which operated the lines for a time and then sold out to the Cumberland company, defendant in these proceedings. According to this complaint the Cumberland management immediately cut out its connections with the Home company and further business was refused.

Restoration of these wires is sought by the Home company and also a ruling is asked on the question of whether the Cumberland and American companies are common carriers.

According to a section of the new law affecting railroad companies, railroads must file tariffs with the interstate commerce commission before putting them into effect. No ruling has ever been handed down concerning this section applying to telephone companies, though the telephone amendment to the whole law reads that "the provisions of this act shall apply to telegraph, telephone and cable companies (whether wire or wireless)."

Other sections of the law were interpreted, but it is declared the rate section was never passed upon because the commission at that time had no case before it bearing on the subject. Advocates of the cause of the Home Telephone company, therefore, are hopeful that the telephone companies will be placed on a level footing with the railroad companies when the commission hands down a decision in this case.

Railroads, under the law relating to common carriers, may not refuse the use of their rails to another company desiring them for interstate business, and by being classed as common carriers the independent telephone companies could demand and get use of long distance wires in consideration of reasonable charges.

After transferring $872,522.54 from the state debt sinking fund and the benevolent institution fund to the general fund and calling in September for the payment of 100 per cent of December funds then in the hands of the county treasurer the state still was compelled to draw $45,495.63 from the balance at the beginning of the fiscal year to meet all obligations. The state's financial status at the close of the fiscal year, which ended Sept. 30, 1911, is shown in the annual report of Auditor of State O'Brien, now being prepared for the printer. The gross receipts for the year were $11,325,473.42. During the year the entire amount of the state debt sinking fund, aggregating $388,175.99, was transferred to the general fund for current expenses, with $484,346.55 of the benevolent institution fund. With the call for funds due from the county officials in December, the state officials were not able to keep the state's finances running smoothly for the remainder of the period before Dec. 1, although the auditor's report showed a balance of $220,676.90 in the state treasury Sept. 30. Another call has been made for 25 per cent of the remainder of the funds in the hands of county officials, due Dec. 1. The latter amounts were to have been paid in by Oct. 26.

As was to have been expected, the reappearance of Dr. Frederick A. Cook, erstwhile explorer at Copenhagen in an attempt to "vindicate" himself by a lecture, was greeted by hisses and denunciations from the people who two years ago lauded and honored him as the hero of modern times. Perhaps, however, the doctor is entitled to a hero medal for the nerve he displayed in going back to Copenhagen at all.

At Indianapolis it is proposed to inaugurate a system of social service to supplement the work of the city dispensary, and there is a belief that it will result in saving the lives of many unfortunates. It is held that the advice of the physicians should be reiterated after the patient leaves the institution, and the plan contemplates the enlistment of the interest of some charitable organization in the patients after they leave the city institution.

The Wrights have set themselves to the task of constructing a machine that will fly—as the birds do—without mechanical aid. And they appear to have achieved some measure of success in demonstrating the possibility of this. If they succeed in developing their ideas to a practical point the art of aviation, it is needless to say, will be revolutionized. A real flying machine would quickly relegate the engine-driven type to the museums and have the whole field to itself.

Another combination, the Southern Wholesale Grocers' association, prosecuted for conspiracy to keep up prices, has agreed to abandon unlawful methods. Whether that agreement will bind another combination for the same purpose after the storm has bolwn over will remain doubtful until we have the sight of a really responsible man in jail.

Governor Wilson's fellow citizens want him to exterminate the mosquitoes in New Jersey. We don't believe the governor will "fall" for this trick of the crowd he licked. They merely want to detract his official attention from his announced program of purifying Jersey politics.

The North Manchester girl who won a husband at Wabash by cooking him a toothsome supper demonstrated anew one of the time-tried adages—that the short cut to the male heart is the route via the stomach.

With Senator Beveridge back from a long tour of Europe, and headed for Indianapolis, one may expect the slumbers of Indiana stand-pat republicans to be again assailed by fitful and disturbing dreams.

FRIDAY, THE THIRTEENTH.

(Chicago Inter Ocean.)

Friday, the 13th, has found a defender.

Since Adam and Eve shared the apple together superstition has been a ruling characteristic in the minds of human beings, and this sample of the twentieth century product is no exception.

Because of this prevailing superstition the Illinois chapter of the Daughters of the Revolution changed the date of entertainment from Friday, the 13th. Dr. B. J. Cigrand, in his lecture on "Colonial Men and Times," discoursed on the foolishness of the Friday superstitious.

"Americans have really found these dates lucky, despite superstitions regarding them," said Dr. Cigrand, "and as to discovery dates, Friday and the 13th are the happiest of all.

"Columbus first saw land on the great day, Friday, and landed on October 13, 1492. In fact, he left Europe on Friday, August 21; on Friday, January 4, 1493, he left the islands of the West Indies for Spain, and on Friday, March 15, he arrived at Palos, Spain. We next find that Columbus on Friday, November 22, 1493, reached Hispanola on his second voyage to the new world. And strangest of all is the fact that on Friday, June 13, 1494, he discovered the continent of North America.

"It is also of record that John Cabot was given his commission of discovery on Friday, March 5, 1495. On Friday, September 7, 1565, Melendez founded St. Augustine, Fla., the oldest town in America. The Pilgrims made their landing at Providencetown Friday, November 10, 1620. They set their foot at Plymouth Rock on Friday, December 22, 1620.

"George Washington was made commander-in-chief of our armies on Friday, June 16, 1775. The great victory of Saratoga was on Friday, October 7, 1777. Arnold's treason was discovered on Friday, September 22, 1780, and thus the colonial cause was saved. The surrender of the British forces which gave us liberty took place at Yorktown on Friday, October 19, 1781. The motion that the American colonies be free was put by Richard Henry Lee on Friday, June 7, 1776.

GERMAN CONCENTRATION.

(Springfield Republican.)

Mr. Edison is quoted as being most impressed during his foreign travels by what he saw in Germany. "When a German," he picturesquely says, "sells $100 worth of goods they weigh about thirty pounds. When a Frenchman sells $100 worth, they weigh about four hundred pounds. When an Englishman sells $100 worth, they weigh half a ton." Presumably, he speaks in round numbers, and very likely his generalization is based on impressions, rather than statistics, yet it expresses a notable truth. What Germany is selling to the world is skill—the minimum of raw material in the most concentrated and valuable shape. And what is America selling? It is a pity he did not go on to give the weight of $100 worth of our exports.

Men Who Helped to Make America

THE SCOTCH COMMODORE.

JOHN PAUL JONES was not in reality a Jones. He was born in Scotland, July 6, 1747, and his name was John Paul. To this, for some unknown reason, he added the final name by which he is known in history.

In his little native town of Kirkbean, where a considerable trade with America was carried on, the boy came in touch with seafaring life, toward which his mind turned. He became apprentice to a merchant in the American trade at Whitehaven and spent his evenings learning the theory of navigation, studying far into the night.

Before he was thirteen years of age he made a voyage to America, where his sentiments were interested in favor of the American colonies. He was living in Virginia when the Revolution began and his services were placed at the disposal of the patriots.

JOHN PAUL JONES

When in June, 1777, he was given command of the Ranger, he hoisted, for the first time that it was displayed on board a man of war, the new national flag. After noble service on the seas he won his greatest victory in September, 1779, when off the eastern coast of England while commanding a small squadron of French and American vessels he captured two British frigates, after an obstinate engagement that lasted from seven until after ten o'clock at night.

It was during this engagement, according to Barton, that "his first attempt to close failed from the defective training of his crew, his Malays understanding neither English nor navigation. He ran his bowsprit on board the Serapis, but in such a manner that he could not bring a gun to bear."

"'Have you struck?' shouted an officer on board the English ship.

"'I have not begun to fight!' replied Commodore Jones.

After the Revolution he entered the Russian naval service. He died in Paris July 18, 1792, neglected and unhappy. Years afterward his body was brought to America and buried with great honor.

TWENTY-FIVE YEARS AGO

What the Sentinel Had to Say About Persons and Events Twenty-Five Years Ago.

These golden October days are the most glorious of the year.

D. C. Fisher is at home from a hunting and fishing tour of Wisconsin.

The West End baseball club beat the Irishtowns yesterday by a score of 14 to 20.

Some people insist that the earthquake shock recorded in the south last week was felt here.

Hon. C. A. Munson is at home from a thorough tour of the state and says that Indiana is good for 10,000 majority for the democratic ticket.

The Academy of Medicine will convene this evening at the office of Dr. G. W. McCaskey. Dr. A. J. Boswell will read a paper on "Hay Fever."

John Landenberger, formerly clerk in Joe Storm's hardware store, will arrive here tomorrow from Omaha, where he has lived for the past six months.

Harry Hammill and Dink Trentman gave their friends a fish feast last night.

The annual mission festival was celebrated at Salem Reformed church yesterday, Rev. Praikschates, of Cleveland, preaching the sermon.

C. L. Centlivre has been testing oil for fuel purposes at his great brewing works for a week past, and finds it as expensive and more obnoxious than coal. He will dispense with it this week and return to nature's fuel.

Marriage licenses: William C. Whitehead and Mary Shea, William E. Rayhouser and Emma Kratzsch, Ira Judson and Irene Cummings, Jerome T. Schnurr and Catherine Hirschfelder, William Oser and Mary Parnin.

Under the law Dr. J. M. Dinnen cannot hold the office of pension examiner and coroner. He prefers the former, and consequently he withdrew from the democratic county ticket Saturday. The county central committee gave the position to Charley Stellhorn, who has long been clerk to Mr. Dinnen. Mr. Dinnen has been a good officer and he highly recommended Mr. Stellhorn, who is a boot and shoe merchant on Calhoun street.

BOOMS MISSISSIPPI.

EARL BREWER.

Freely admitting that Mississippi is the finest State in the Union and declaring that he is proud to be a publicity promoter for her glories, Earl Brewer, Governor elect of the Magnolia State, now in New York, indorsed the "back to the farm" propaganda and averred that the best "farms" to which one could return were the cotton plantations of his own State.

Aviators are popularly supposed to be men of iron nerve and perfect physical condition. Yet the great Vedrines was rejected for military service on account of physical shortcomings and a special arrangement has had to be made by which his services as an aviator might be utilized during the French manœuvers.

A CERTAIN CURE FOR CATARRH

The mucous membranes of the nose and throat are exposed to the irritating influence of dust, impure air, etc., and for this reason are the places Catarrh usually first manifests itself. But these are simply exciting causes, the inflammation and discharge being really produced by an impure and vitiated condition of the blood. It is well enough to use some local treatment to cleanse these membranes, but any one can readily see that if the inflammatory matter is left in the blood, such treatment cannot possibly have any permanent effect. S. S. S. cures Catarrh by cleansing the blood of all impure catarrhal matter and irritating germs and at the same time builds up the system by its fine tonic effects. When S. S. S. has purified the blood, the mucous surfaces are all nourished and made healthy. There can be no inflammation of the membranes then, because the blood is pure, and every tissue receives nourishment instead of irritating matter. Our book on Catarrh will interest every sufferer of this disease, and it will likewise give proper advice as to what is best to use as a local aid while S. S. S. is purifying the blood. This book is free to all, and we will also be glad to give any special advice you may feel you need. S. S. S. is sold at drug stores.

IN THE CITY'S CHURCHES

RICH FIELDS AWAIT HARVEST

Sermon of Rev. B. S. Hollopeter at M. E. Institute Here.

PASTORS ATTENDING

That Christianity has made greater progress during the last quarter of a century than it had for the three centuries previous and that the opportunities of the present were never more golden for evangelization and the accomplishment of great results, was the central thought of the address delivered Tuesday evening at the First M. E. church by Rev. B. S. Hollopeter, of Wabash, the occasion being the first of the public meetings in connection with the theological institute of the North Indiana conference of the M. E. church being held in this city.

The theme of the Rev. Hollopeter was "The Open Door of Opportunity." In every field of human activity, he said, the door of opportunity was open wider now than it ever had been before and the men who take advantage of the opportunities offered are the ones who are achieving the great success. He cited interesting cases of this truth. Then, turning to the church, he spoke of the opportunities, at home and abroad, that presented themselves to the Christian workers of the present day. This is an era of great things, big undertakings and the accomplishment of great results, he asserted. It is so with the church of Jesus Christ. Great and fruitful fields are awaiting the harvest. The door of opportunity is wide open and the church should enter it—enter it for the rich harvest awaiting if the followers of Christ do their full duty.

The address was a most interesting one, splendidly delivered and full of grand thought, an inspiration to all who heard it. The address this evening will be delivered by Rev. W. O. Shepard, D. D., of Chicago, whose theme will be "A Strenuous Ministry for Strenuous Times." Dr. Shepard is a great pulpit orator and those attending the service this evening will hear a great sermon. The speaker on Thursday evening will be the Rev. Sommerville Light, D. D., of Bristol, Ind.

Pastors Attending.

In attendance at the institute for instruction and examination in church literature and theology, are sixty-three young ministers of the gospel from the various localities throughout the conference and now holding charges as pastors of congregations. They are here at the institute pursuing a course of instruction for admission either as deacons and elders in the conference.

There are four classes. A two years course of study, after having successfully passed examination, admits the pastor to the office of deacon in the church, and a four years course to that of elder. That is they are qualified for admission and will be admitted as deacons or elders at the next session of the conference, which will be held at Wabash during April of next year. The four classes now here pursuing these courses of study and in which they will undergo an examination, are as follows:

First year—H. C. Alley, C. A. Byrt, Alfred Chastain, W. A. Fonts, Fremont Fribley, F. S. Hickman, J. O. Hockstetter, E. C. Lindsay, W. T. Morgan, L. J. Shelden, F. A. Shipley, C. R. Thompson, F. B. Westhafer, Ernest Wickersham, Frank Young, B. M. Bechdolt, K. H. Carlson, D. M. Corkwell, M. L. Famcher, F. L. Greenstreet, A. C. Hoover, W. H. Jenkins, L. V. Simms, J. C. Wengatz.

Second year—Joshua Cottingham, D. E. Cruca, W. T. Daly, Edwin Dickson, E. M. Dunbar, E. C. Hallman, LeRoy Huddleson, L. G. Jacobs, C. W. Jeffras, Arthur Jones, A. H. Kenna, C. L. Marsh, J. R. Stanforth, R. Stevenson, R. S. Shaw.

Third year—L. C. Baker, M. E. Barrett, E. B. Brown, T. G. Black, E. E. Dewitt, W. H. Harrison, H. A. Homer, W. J. Hoffman, G. F. Hubbartt, J. I. Jones, O. B. Morris, LeRoy Myers, J. C. Valentine, Hubert Webster, W. W. Urant, C. G. Ycomans.

Fourth year—D. A. J. Brown, E. E. Fisher, C. A. Hunt, J. S. Newcombe, W. E. Pittenger, A. Singer, R. W. Stokes, S. B. Storkey.

Course of Studies.

The studies and examinations are in elementary English, principles of rhetoric, outlines of history, discipline, Christian perfection, manual of bible history, manual of Christian doctrine and Wesley and his century. These are the general subjects, but embraced in them are numerous minor subjects of importance. This instruction and examination every pastor entering the Methodist ministry must take.

Besides these young men who are pursuing this course of study there are five ministers seeking admission to this conference from other conferences. They are: Ernest D. Barker, Paul M. Jamison, F. A. Wriver, Alfred Patton and C. W. Montgomery.

The chairman of the institute is the Rev. J. K. Cecil, of this city. Rev. U. S. A. Bridge, of Peru, is the registrar. The instructors are: W. E. Murray, H. S. Nickerson, R. J. Wade, Charles Smith, R. L. Semans and J. K. Cecil. The studies and examinations are held during the day, different rooms being provided for the different classes. The public addresses are given in the evening.

BEGINS ENTERTAINMENT COURSE.

Dr. S. P. Long Lectures Thursday at Christ Lutheran Church.

The Rev. S. P. Long, D. D., of Mansfield, O., will deliver a lecture tomorrow evening at the Christ Lutheran church on the subject of "God's Gold," the first of a series of entertainments to be given during the winter by the Men's Brotherhood of the church. Dr. Long is one of the leading divines of

REV. S. P. LONG, D. D.,
Lectures to Men's Brotherhood of Christ Lutheran Church.

the Lutheran denomination, the pastor of the First Lutheran church at Mansfield, and a man who is famed on the lecture platform. His lecture "God's Gold" is one of the best.

Dr. Long will arrive here tomorrow morning. He will be on his way to Denver, Col., where at a great meeting of Lutherans he is to deliver an address on "The Reformation of Martin Luther." His services are in great demand as a lecturer. Formerly Dr. Long was president of the Lutheran synod in Ohio.

NEW HAVEN M. P. CHURCH

Halloween Social and Other Events to Be Held by Societies.

The Ladies' Aid society of the Methodist Protestant church at New Haven will give a Hallowe'en social and chicken supper next Tuesday at the I. O. O. F. hall in that town. The serving of the supper begins at 4 oclock in the afternoon.

The first quarterly meeting of the M. P. church will be held November 4 to 6. The communion service will be on Sunday and the business meeting Monday evening.

The Ladies' Aid society of the church met at the parsonage last Thursday and surprised the pastor, Rev. Mr. Barclay, on the occasion of the anniversary of his birth. The occasion was a very enjoyable one. Supper was served to over sixty guests.

At the church services Sunday evening Luke Miller rendered a solo that was artistically sung and enjoyed by the audience. The Sunday services, morning and evening, were well attended.

* * *

Social by Bible Class.

A silhouette contest will be the feature of the social gathering of the Adult Bible class of Simpson M. E. church on Thursday evening at the home of Mr. and Mrs. Egley, corner DeWald and Calhoun streets. Music will be furnished by Mrs. Chas. Boucher, the Misses Helen Truesdale and Thelma Hines and the A. B. C. ladies' quartet.

* * *

Grace Reformed.

The services at the prayer meeting at the Grace Reformed church this evening will be devotional in character, prayer, song and testimony. At the close there will be a meeting of the officers and teachers of the Sunday school.

On Friday evening at the church the Sunday school officers and teachers will entertain at a Hallowe'en social, which will be a pleasant affair.

* * *

Will Speak at Bluffton.

Rev. C. Claud Travis, pastor of the Wayne Street M. E. church, will deliver an address Friday evening at Bluffton to the Brotherhood of the First M. E. church in that city. The occasion is the annual meeting of the brotherhood and a banquet will be given at which Rev. Dr. Beatty, of this city, will be toastmaster.

* * *

Will Deliver Address.

Rev. N. W. Haynes, D. D., will give an address tonight at the prayer meeting in the First Baptist church on "The Compassion of Jesus." Following the prayer meeting the Rev. J. F. Vichert will present the Sunday school lesson for Sunday.

* * *

Will Give a Supper.

The Nearer and Farther Lights of the First Baptist church will serve an autumn supper in the diningroom of the church this evening from 5:30 o'clock until 7 o'clock.

* * *

Will Meet Tomorrow.

The Ladies' Aid of the Trinity M. E. church will meet Thursday afternoon at the home of Mrs. L. Johnson, 1012 Putnam street. Mrs. McBride and Mrs. Gouty will assist.

* * *

Presiding Elder Speaks.

At the mid-week service to be held this evening at the Bethel Evangelical church, Rev. J. J. Wise, the presiding elder, will give an account of the general conference of the Evangelical denomination at Cleveland, just closed, which he attended as a delegate.

* * *

Emaus Ladies' Society.

The Emmaus Young Ladies' society will give a sale Thursday evening at Emmaus hall. A light luncheon and refreshments will be served.

INSPECT CITY SCHOOLS.

Roanoke and Jackson Township Teachers Visit Fort Wayne.

The public schools of this city were today visited by a number of Huntington county teachers from Roanoke and Jackson township. By orders of Superintendent Craig, of the Roanoke schools, the children were given a day's vacation and the pedagogues of that town and the country schools in the vicinity came to Fort Wayne to get some new ideas on school methods. The visiting teachers spent several hours at the local high school and also made a thorough examination of the grade school methods.

FOR $50.00

clothes are one advantage. When you buy these clothes you know what you're getting; you don't need to ask about quality, style or tailoring. A second point is that your satisfaction is guaranteed; or money back.

There are other things here besides merchandise; we mean to serve our customers, not simply wait on them. We mean to do it better than it was ever done before; better today than yesterday; help a man buy what he wants, not merely try to sell him what we want him to want. There's quite a difference, you see; we hope you'll see the difference here.

Fine overcoats, raincoats, top coats, fur overcoats, all the new fabrics, $15 to $75. Fine suits in grays, browns, tans, blues; new patterns, new color decorations, new weaves, new styles. The Shape-maker for young men; the Varsity and others for all of you; $15 to $40.

ATTEMPT TO SET PRECEDENT FELL

Council Asked to Recommend Increase of Clerks' Salaries.

DIDN'T GO THROUGH

An attempt to get through the city council last night a resolution recommending that the board of public works increase salaries in the waterworks department was designed to set a new precedent, but the majority of the members felt they had no right to butt in and the matter failed of passage.

Paul Kinder and John J. Bauer, members of the waterworks committee, fathered the proceeding and the former wanted to withdraw his resolution when he saw there was marked opposition, but Mr. Bauer insisted that it stock and to let the members down without a hard bump the matter was referred back with instructions to confer with the board on the subject.

It was intended to increase the foreman's salary from $90 to $100 a month and the pay of clerks receiving $65 a month to $75. The council does not fix salaries in the waterworks department.

As forecasted the council adopted an ordinance fixing the rent for stalls in the city market at $20 a year and the daily figure at 20 cents. This was done by adopting a majority report over one signed by Mr. Felger. In the course of the debate the councilmen took occasion to deplore the fact that political chicanery succeeded in foisting on the city a market house that is not what the city ought to have and the administration that engineered it came in for a sound roasting.

The question of arranging so that county and city liquor licenses will expire simultaneously was referred to the committee on judiciary to meet with the city attorney.

An ordinance providing for the sale of the old patrol wagons went to the committee on city property, the measure to prevent parades other than those of the soldier organizations on Decoration day was passed and the parochial schools were granted a 2 cent rate on the water consumed by them.

Dave Randall will get no refund of money for the unexpired term of his liquor license, as his request was defeated by the votes of Pinninger, Hamilton, Sarver, Felger and Wagner, which prevented a two-thirds majority.

A measure to give the park board authority to examine and license men engaged in trimming trees on the streets and in lawns was sent to the committee on rules, regulations and ordinances and the city attorney.

Ordinances appropriating $700 to the printing and advertising account, $1,800 to repair and maintenance of streets and $1,082 to the parks account were passed.

The board of works reported that no action to abate the Indian creek nuisance can be taken until after the report of the sewer experts, which will be rendered on Nov. 4.

Our stock of fancy vests is the largest we have ever shown. Prices from $1.50 to $5.00.

COOK MAKES EXIT BY REAR DOOR

Hisses and Hoots for Explorer at Scene of Old Triumphs.

CALLED A SWINDLER

Copenhagen, Oct. 25.—Dr. Frederick A. Cook's theatrical attempt last night to vindicate his reputation by a lecture in the hall where two years ago he addressed the royal family and some of the most prominent people of Denmark, under the auspices of the Geographical society on the occasion of his triumphal entrance into the capital, resulted in riotous scenes and a call for the police. Dr. Cook finally was compelled to retire by the back door.

Ever since it was announced that Cook was returning to this city to lecture, the newspapers and the people have been strongly stirred, and threats of violence were freely circulated. Fifteen hundred persons assembled in the hall last night and a great crowd outside greeted Dr. Cook with an uproar of insulting cries. He was escorted by police, however, and no violence was attempted.

The meeting within the hall was turbulent throughout. A small fraction of the audience supported Dr. Cook and applauded his efforts. Others hissed continually, with the result that the two sides came to blows.

The lecture, illustrated by means of lantern slides, was almost a repetition of his former talk.

Dr. Norman Nansen, the Danish explorer, who formerly supported Cook, started the trouble by loudly denouncing Cook as a swindler. The climax was reached when an alleged picture of the north pole was thrown upon the screen.

The audience was so hostile that Cook stopped his lecture and withdrew. He was escorted by a strong detachment of police to his hotel through the side streets.

Over 2,000 fine hand-tailored raincoats for you to choose from. Prices $15.00 to $40.00. Machine made raincoats, $8.00 to $12.00.

BANK CLOSES FIRST YEAR.

Sheldon Institution Shows Rapid Growth—Dividend Distributed.

The Farmers' State bank of Sheldon, founded a year ago and since that time enjoying a remarkable growth and success, is now distributing among its stockholders regular dividend checks amounting to a 5 per cent dividend annually on stock. The total net earnings of the new bank for the first year ending October 22, 1911, were, according to the report of the directors, $1,627. This is remarkable considering the cost of organization and other expenses incurred the first year. After establishing a surplus of $325 and reserving as undivided profits $52, the sum of $1,250 was declared in dividends. The directors who have carried this through successfully are Charles F. True, president of the board; Marion Smith, vice president; William Brindle, secretary; George F. Buskirk, Wesley Swank, Cosmas Krouse, George F. Fogwell, Simon W. Somers and J. Fred Springer. The annual meeting of the stockholders will be held at the bank January 9, 1912, at 1 o'clock. New directors will be elected at that time and other business transacted.

Our stock of outing flannel pajamas is the largest in the city. Prices, $1.00 to $3.00.

COAL PRICES ARE ADVANCED.

At the regular monthly meeting of the local coal dealers Tuesday night the dealers decided to advance the price on egg and nut coal 25 cents a ton, beginning November 1. Anthracite prices have been advanced by operators and nut coal opened 25 cents higher this year. Egg coal will sell at $7.75 per ton and nut coal at $8 per ton. There has been an enormous local demand for coal during the past two weeks and the dealers have been kept busy filling orders, but say that they will be able to take care of all trade.

SOCIETY

Miss Alice Worden was hostess for a small but beautiful bridge party this afternoon given in honor of Miss Esther Paul. All arrangements expressed the colors of yellow and white. Yellow chrysanthemums filled a large basket and a bouquet of them lay at Miss Paul's plate at supper. White candles were veiled with yellow shades, place cards were of the same coloring and tiny nut baskets corresponded. The effect was charming.

* * *

Many friends of Miss Margaret Anne Foley, daughter of Mr. and Mrs. John Foley, of 836 West Jefferson street, will be interested in learning of her marriage which is to take place this evening at 6 o'clock at St. Anne's church, Garfield boulevard, Chicago, to Mr. Patrick Kenzie Hanley, of Dubuque, Ia. Rev. F. J. Twohy will be the officiating clergyman. The wedding will be a quiet affair, only members of the family and a few intimate friends of Chicago to be present. After the ceremony a dinner will be served at the Congress hotel. The bride will be given in marriage by her brother, Mr. Thomas J. Foley, assistant general manager of the Illinois Central at Chicago. The bride's gown in a traveling suit of blue imported cloth, severely plain tailored fashion, a blue silk embroidered marquisette blouse and blue velvet hat trimmed with jeweled gold braid and rose foliage. After a short wedding trip the bride and groom will be at home in Dubuque, where Mr. Hanley is employed as chief train dispatcher for the Illinois Central railroad. Mr. Hanley was formerly located in this city and at that time was connected with the Pennsylvania company.

* * *

The wedding of Mr. Oscar Fox, son of Mr. and Mrs. Louis Fox, of West Wayne street, and Miss Alma Louise Zangerle, of Chicago, took place this morning at 11 o'clock, in the church of St. Alphonsus, in that city. Mr. Robert Fox, a brother of the groom, was best man, and Messrs. Harry Hogan, Gus Fox and Charles Reuss were ushers. The bride and groom will be at home in this city after the first of December.

* * *

Mrs. Norah B. Hughes is in Lafayette for a few days.

Mrs. Alice Grecmore, of the Portland, is entertaining her sister, Mrs. Ray Parrett, of Petoskey, Mich.

The College club will meet tomorrow afternoon at half past 4 o'clock with Miss Olive Doud.

Mrs. Charles Snowberger has gone to Frankfort to visit her sister, Mrs. Frank McEntaffer, for a few days.

Mrs. E. H. Merritt is expecting Mrs. Nanette Gilmore, of Cleveland, within a day or two, to make her a visit.

Miss Bertha Chaska is visiting her sister, Mrs. Nathan Stern in Indianapolis.

Mrs. Shirley French and son Charles, of Gary, are visiting Mr. and Mrs. Dayton Jenness.

Miss Ethel Naylor is in Indianapolis attending the convention of federated clubs.

The Ladies' Aid societ of the Lutheran hospital will hold a special meeting on Friday afternoon at the hospital.

Miss Margaret S. Smith, of Douglas avenue, is in Indianapolis for a few days and will attend the sessions of the Indiana State Federation of Clubs.

Mr. and Mrs. Morton A. Mergentheim have returned to Chicago after a few days' visit with Mr. and Mrs. A. Mergentheim.

Rev. Frederick Herzberger and William Motz, of St. Louis, who had been guests for a few days of Mr. and Mrs. Martin H. Miller, of 802 West Creighton avenue, returned home on Monday.

Dr. Alice Hamilton spent last night in this city, the guest of relatives. Dr. Hamilton was on her way from Louisville to Chicago and left for the latter city this afternoon.

The Friars club will have a social affair this evening in their club rooms to which they have invited an equal number of guests. The Friars are busy making arrangements for their annual Thanksgiving dance.

Mrs. John A. Parnin, of Chicago, will arrive here tomorrow and will be joined by Mr. Parnin for the week end. They will be guests of Mr. Parnin's mother and sister, Mrs. Mary Parnin and Miss Florence Parnin, of Fulton street.

Miss Laura Ormiston, of South Calhoun street, entertained a few friends last evening. The decorations for supper were extremely pretty and consisted of a basket of pink roses, candles shaded in pink and pink baskets filled with candy. The guests were Mr. and Mrs. Charles Miller and little child, Miss Clara Miller, Mr. and Mrs. L. Ormiston and Lon Miller.

Mrs. Edmund Hamilton, of Fostoria, and Miss Etta Knapp, of Marion, Ohio, were guests at a vaudeville party given on Saturday by Mrs. Hamilton's aunt, Mrs. Frank Stewart. There were eight in the party and after the matinee performance the guests went home with Mrs. Stewart and remained until the next day.

Mr. and Mrs. William Breuer, of Washington boulevard east, celebrated Mr. Breuer's natal anniversary on Monday evening by entertaining friends to the number of a dozen couples. Chrysanthemums and bittersweet decorated the rooms and in serving supper Mrs. Breuer was assisted by her daughters, Adela and Louise.

A surprise party on Henry Dicke, of Scott avenue, took place on Saturday evening and was arranged by members of his family. Pedro was the amusement and prizes were earned by Herman Busse, Mrs. Catherine Busse, Fred Dicke and Miss Erna Freuchtenicht. A flashlight picture of the party was taken. A fine supper was another feature of the good time. There were present Misses Erna Freuchtenicht, May Bicknese, Bertha McLeish, Lenore Hahnfeld, Myrtle Lutz, Beatrice Riggle, Hilda and Frieda Busse and Messrs. Henry Sauer, Herman Busse, Charles Doell, August Busse, Adolph Sauer, Christ Busse, Henry, Fred and Carl Dicke and Mr. and Mrs. Busse.

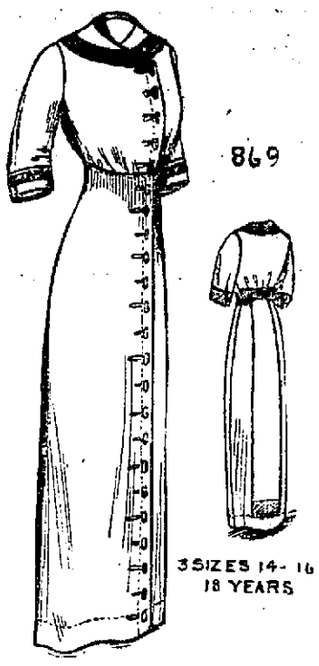
Kimono

Misses School Frock.

By Mrs. Jane Ford.



FOR school young girls should be nicely but simply dressed, and their frocks should be made in a way that they can be quickly and easily slipped on and off. Dresses that button at the back are difficult to adjust and often try one's patience sorely, but a model such as is shown is sure to prove practical, and most girls will want to copy it. Materials suitable for its development can be had at various prices, but a nice quality of woollen goods that will wear well can be bought for as little as seventy-five cents a yard. If one has the time to spare one can do a little shopping and look up the remnant tables, where it is surprising what excellent values can be had.

This suit requires only four yards of forty-four inch goods to make the sixteen years size, and it is not at all difficult to find a short end that contains that amount. Of trimming material it requires only three-eighths of a yard of twenty-four inch silk or satin. The waist is cut with the new "Worth" sleeves and set in the armhole in the most approved style. The collar is a pretty modification of the shawl type that is fast replacing the popular sailor of last summer. The four gored skirt joins the waist without a finish other than a row of stitching, the closing is effected at the side front, and is the full length of the dress. The smartest button for a tailored frock is a flat mould covered with the dress material, and these may be satisfactorily made at home.

(Cupon used as label on envelops. Cut neatly.)

JAN KUBELIK GREAT ARTIST

Bohemian Violinist Enthralls Fort Wayne Audience With Wonderful Playing.

Never before has an audience in this city listened to a musical program with such satisfaction, wonderment and pleasure that amounted to keen delight as did the one gathered at the Majestic last night to hear Jan Kubelik. No one who heard the concert questioned long before its close that he was hearing the greatest virtuoso of the violin of the age, and that there is none that excels this young Bohemian genius. His technique is so marvelous that only violin students can fully appreciate how tremendous it is. Such harmonies! And harmonies with thrills, and sometimes with an accompanying melody, that were so astonishing that it seemed impossible for one hand to be playing them. Technically, too, Mr. Kubelik's playing is commanding as well as marvelous. His playing and his personality are equally impressive. Kubelik is a great genius. He is a wizard of the strings, but he is pre-eminently an artist. No such quiet dignity, repose and unassuming and unspoiled manner could be characteristic of one less than superbly great in art and in nature. Effects were never produced by any recourse to the sensational. It was always the thorough musician, the great scholar, the finished artisan, the supreme artist who was playing. Delicacy and gentleness, power and authority, discriminating taste and intellectual conception were manifest every moment of the program, of which no one number stood out as exceeding any other in finish.

The appreciation of the audience was as of one mind. No one was indifferent to the artist Kubelik or unmindful of his accompanyist, Ludwig Schwab, whose musical feeling and taste were entirely suitable for his work. From the opening of the Vieuxtemps concerto in D minor to the close of the charming as well as wonderful encore at the close of the Paganini group, people were enthusiastic, charmed and satisfied. It is likely that a Fort Wayne audience will not hear Jan Kubelik play again in many years, possibly never. He is on a tour of the west now, preparatory to leaving for Australia and South America on tours which will take him many months to fill. England and other countries of Europe will be clamoring for his return to them long before his work in the other countries will be concluded. It has been truly said of him, "He is not a genius that can stand still." His triumph abroad has never been exceeded and it is acknowledged in the European capitals and in New York city that his interpretation of the classics continually increases in profoundness of thought and breadth of sympathy. Kubelik is student as well as artist. His intellect is great as well as his talent. Fort Wayne has been exceedingly fortunate in her opportunity to hear him.

SYMPATHY AND ITS VALUE.

It has been said that next to love, sympathy is the "divinest passion of the human heart." Humanity depends more upon sympathy than it realizes. Its influence cannot be measured. It encourages, cheers, stimulates, turns failure into success and defeat into victory. It brings peace to the turbulent spirit and strength to the fainting heart. It has helped thousands back to life, health and happiness. Often people do not need material help half as much as they need a little sympathy, a little sign of friendly interest, and a sincere assurance when all the world seems cold that there is still some one who loves them and cares about their welfare.

We all crave the company of those who are in harmony with us, who think as we do, and whose sympathies are with us. To live without this is spiritual starvation. Every human being in the world needs sympathy; we need it from our friends, and they need it from us. Let us ask ourselves if we have the broad, universal spirit of sympathy within us.

The Meaning of Sympathy.

What do we mean by sympathy? It is the capacity to understand and enter into the feelings of others, whether they be of pleasure or pain. Intellect is a necessary condition in order to perceive the feelings and emotions of another and to enter thoroughly and accurately into the situation. Remembrance of similar feelings or emotions on our part or imagination sufficient to put ourselves in another's place and see things from his point of view is also necessary. And sensitiveness to understand thoroughly another's emotion and to feel deeply for him is indispensable. A fourth condition of helpful sympathy is sufficient self-control to enable one to see these distressing conditions and feel for the suffering one without such disturbance of thoughts and feelings as would render the sympathizer helpless in assisting the sufferer. One's emotional nature should not become so absorbed as to unfit him for usefulness, for it is part of the sympathizer's duty to think of means of assistance.

Sympathy should not be manifested in a depressing way. The unwelcome visitor to the sick room comes with pitying words and sorrowful looks. The welcome visitor manifests his sympathy in a way that makes the sick person forget his pain and look cheerily out toward health with renewed hope.

Trouble broadens our sympathies. When we are brought face to face with sorrow, then for the first time most of us realize that others have borne and are bearing just such sorrows as ours; we feel ourselves drawn closely to them and we are able to comprehend and enter into their griefs. We can sympathize best with those who are enduring the same sort of suffering that we ourselves once underwent. Our sympathy then rings true and brings real comfort to the afflicted one.

A Broad Field.

The field of sympathy is broader than that of suffering only. Broad sympathy includes rejoicing with the joyful as well as mourning with the sorrowful. The latter comes more easily to most of us, for there is in us an instantaneous impulse to pity people in distress. Richter once said, "In order to feel with another's pain, it is enough to be a man: to feel with another's pleasure, it is needful to be an angel." Perhaps this is due partly to the fact that success unfortunately often provokes envy which is sometimes difficult to hide. Then, too, in suffering we can think of means of assistance; in joy there is no need of any.

Sympathy must not be limited to those we love. We need not be urged to feel for them and to exert ourselves to help them. Their troubles are truly our troubles. A friendly pressure of the hand and the words, "I understand," followed by an earnest endeavor to help—that is easy when we love. But true sympathy is broader; it includes feeling for all suffering, irrespective of the fact that we do or do not care personally for the sufferer. That is a difficult condition to attain, but it should be striven for.

We have a larger stock, the assortment of both trimmed and untrimmed hats, is greater than ever, and prices most reasonable.
At MERGENTHEIM'S, 620 Calhoun St.

SEASONABLE FOOD.

Seasonable food is always best, both as to quality and economy. Nature has arranged her harvest of supplies to meet the demands of the hour, so that by following her suggestions the best possible food values are obtained.

Celery Soup.

Boil one quart of cut celery until tender and add to one quart of boiling milk. Rub through a fine sieve and flavor with one teaspoonful of salt and one saltspoonful of white pepper. Rub two tablespoonfuls of flour and one of butter to a cream with one cup of boiling water. Add to the boiling water milk to thicken and cook five minutes. Serve at once.

Pork Chops With Tomatoes.

Trim the chops and dust with powdered sage and a little onion essence. Put a bit of butter into the frying pan, then the chops and cook them slowly until well done. Set the chops on a hot dish in the warming oven. To the gravy in the pan add a little hot water, a tablespoonful of butter that has been dipped into flour, peper, salt and sugar to taste, and a half cupful of tomato juice. Stew five minutes, pour over the chops and serve hot.

Agents for The Standard Patterns.

HOME-MADE CANDY.

The wise mother who wants to be a bit indulgent without injury to her children does not give them a penny or a nickel or a dime to spend in the candy shop, but prepares the sweets so dear to the palate of youth in her own home. The health of her little ones benefits considerably by the practice, and look at the fun they have helping mother make it!

Chocolate Almonds.

Blanch the almonds by pouring hot water over the meats, allowing them to stand for a few minutes, replacing the hot water with cold and rubbing off the skins between the thumb and forefinger. Melt sweet chocolate in a dish over boiling water, then dip in the meats, one at a time. A darning needle or a candy diper can be used for this purpose. Lay the dipped almonds on oil paper and when they are dry dip a second time.

Nut Caramels.

Put a quarter of a pound of grated unsweetened chocolate into a pan with four ounces of butter, one pound of brown sugar, a half cupful of molasses, a half cupful of cream and a half teaspoonful of vanilla. Cook until brittle when dropped into cold water, then add a pound of chopped nut meats, either of one kind or mixed.

Cocoanut Cream Candy.

Melt in a saucepan two tablespoonfuls of butter, then turn into one-half of a cup of milk and a half cupful of sugar. Bring to a boil and cool twelve minutes, being careful to prevent it scorching. Push to the back of the fire, add a third of a cupful of shredded cocoanut and a half teaspoonful of vanilla, and beat until the mixture is creamy. Pour or drop by spoonfuls onto a buttered pan.

Chocolate Cream Mints.

Take one cupful of granulated sugar, one-quarter of a cupful of water and two drops of oil of peppermint and put into a pan. Cook until it crisps when put into cold water, pour onto a marble slab or a heavy platter and beat until creamy. Drop on oiled paper, flatten and allow to cool. When firm melt a quarter of a cake of chocolate over hot water, sweeten slightly and dip the mints into the melted chocolate. If a thick chocolate coating is desired, the mints should be allowed to harden after the first dipping and then be submerged a second time.

Come in every day and each day you will see new hats on display, as every day is an opening day
At MERGENTHEIM'S, 620 Calhoun St.

The Island of Ceylon has quit the wholesale production of tea and is planting rubber instead, because the latter is found to be more profitable.

In the Culebra cut at Panama the workmen were surprised to come upon two crocodiles, the first to be found in Central America for many generations. Each was about fifteen feet long, and each had seven full sets of teeth on the upper and lower jaws. Such dental equipment is supposed to indicate an age reaching into many centuries. Both are now on their way to the National museum at Washington.

ATTENTION, LADIES

Here is a great bargain for you. A wonderful Trimmed Hat sale. All excellent quality and style at $2.98, $3.98, $4.98, $6.98.

Chocolate Cream Cake. Junket.
Coffee.

RECIPES.

Chocolate Cream Cake.

One cupful of sugar, one-fourth cupful of butter, one-half cupful of milk, one and one-half cupfuls of flour, two eggs, one teaspoonful of baking powder, one-half cupful of chocolate to be melted, one teaspoonful of vanilla; bake in two layers.

Cream Filling For Same.

Two-thirds of a cupful of milk, two cupfuls of granulated sugar, butter half the size of an egg. Stir well and set in kettle of boiling water until melted, then set on stove to boil for five minutes or more, stirring constantly. Flavor this also with vanilla.

It should be smooth as in chocolate cream candies and show one-quarter of an inch thick of white between and on top of the dark cake, which is pleasing in appearance.

WHY CHEAT YOURSELF

By paying more for your shoes than is necessary? We can give you shoes for the **whole** family that have all the styles and service obtainable and at such a price that it would pay you to buy your winter shoes now.

SPECIAL LOTS

Ladies' $3 and $3.50 shoes, all styles and leathers $1.89

DEATH COMES TO M. V. DROLLINGER

Pioneer Citizen Was Long Resident of Wabash County.

OTHER DEATHS TODAY

Martin V. Drollinger, aged 74 years, 6 months and 27 days, died this morning at the family residence, 201 Second street. Death was due to liver complaint.

The deceased was born March 23, 1837, in Preble county, Ohio, and when a small child moved to Wabash county with his parents, who settled on a farm on which wolves and other wild animals abounded. There were also a good many Indians in the vicinity at the time. When he had grown to manhood he helped to clear the farm and remained there until 1879, when he sold it and moved to Columbia City. He resided in Columbia City for five years and nine years ago moved to Fort Wayne. He is survived by a widow and the following children: Mrs. Rose Miller, of Miami county, Ind.; Aaron Drollinger, of Bryn, Col.; William Drollinger, of Wabash; Mrs. M. S. Bolerjack and Henry Drollinger, of Ridgeville, and Mrs. Grace Quick and Clyde Drollinger, of this city. Three children preceded him in death. Thirteen grandchildren also survive.

WITTE.

Louis Witte, aged 61 years, died Tuesday afternoon at 3:40 o'clock at the family residence, 2224 John street, of typhoid pneumonia, following an illness of two weeks' duration.

The deceased was born in Bucholtz, Preuss-Minden, Germany, and came to the United States at an early age. He was employed as a moulder at the Bass foundry for thirty-three years. He retired from that work five years ago and has since been employed at the S. F. Bowser Co. He was a charter member of the Zion Lutheran church and a member of the Unterstuetzungs Verein. Surviving relatives include the widow and five children, Albert, Louis, Amelia, Edith and Mrs. Caroline Holzworth.

Funeral services Friday afternoon at 1:45 o'clock from the residence, thence to Zion's Lutheran church at 2 o'clock. Rev. Leuhr officiating. Interment at Concordia cemetery.

TIGGES.

Mrs. Frederica Tigges, aged 62 years, of 1235 Ewing street, died Monday at the Lutheran hospital of injuries sustained two weeks ago last Saturday night, when two men ran into her in front of the White Fruit House, throwing her to the sidewalk. At the time the accident occurred Mrs. Tigges was approaching the Fruit House when two men who were walking rapidly collided with her. It was apparently an accident, but the men did not stop to render her assistance, disappearing in the crowd which gathered. Mrs. Tigges was rendered unconscious by the fall and was removed to the Lutheran hospital. Examination showed her to be suffering with a fracture to the bones of her right thigh and internal injuries of a serious nature. Though her condition was serious it was thought that she would recover, but on Monday night she suffered a relapse and died shortly after 11 o'clock.

The deceased was a lifelong resident of Fort Wayne and was a daughter of Mr. and Mrs. Rudolph Jasper. She was a member of St. John's Reformed church and of the Ladies' Aid society of that church. She is survived by five children: Edward, George, Carl and Anna Tigges and Mrs. Jenetta Mertz, all of Fort Wayne; two brothers, Fred and George Jasper, the latter assistant chief of the fire department, and one sister, Mrs. Louis Heck. Her husband preceded her in death fifteen years ago.

Funeral services Thursday afternoon at 1:30 o'clock from the residence, thence to St. John's Reformed church at 2 o'clock.

CLEARY.

Alice Ita Cleary, aged eighteen years, daughter of Mr. and Mrs. John Cleary, of 805 Eliza street, died Tuesday evening at 8 o'clock, following a brief illness. Dr. J. W. McCausland, the attending physician, pronounced death due to ptomaine poisoning.

Miss Cleary was employed in the steam department of the Fort Wayne Electric works and worked there until last Friday when she complained of feeling ill. Saturday she was confined to the house, but on Sunday morning attended church. Sunday afternoon she suffered a relapse, and had since been confined to her bed. The family is at a loss in attempting to account for anything she could have eaten that could have caused the illness, and investigation by Dr. Gillie, city meat and milk inspector, was also void of results.

The deceased was born in Fort Wayne, June 25, 1893, and attended St. Augustine academy, graduating a year ago. She had a large circle of friends to whom her death came as a shock. Surviving relatives include the parents, three sisters—Julia, Grace, Bessie and Urda, of this city, and one brother, P. J. Cleary, of Detroit. The deceased was a member of the Young Ladies' sodality of the Cathedral.

LEPPER.

Arnold Lepper, the 11-year-old son of Mr. and Mrs. John Lepper, who reside nine miles southeast of Fort Wayne, on Wayne Trace, died suddenly Tuesday noon, following an illness of two days, before medical aid could reach him. Coroner Kessler was called and pronounced death due to an acute attack of appendicitis.

The little boy was taken ill on Monday. He showed improvement later in the day, but Tuesday morning was taken violently ill, his death following a few hours later.

Funeral services Friday afternoon at 1:30 o'clock from the residence, thence to the Soest Emanuel Lutheran church at 2 o'clock. Interment at the Soest cemetery.

FISHER.

Raymond W. Fisher, the four-year-old son of Mr. and Mrs. Charles L. Fisher, of 522 Madison street, was found dead in bed this morning about 4 o'clock. The little lad was taken ill Tuesday, but his condition was not thought to be serious. He was one of twins.

The body was shipped this noon to Pittsburg Pa., for funeral services and interment.

Happy, Happy, Use TIZ

A Marvel For Sore Feet. Acts Right Off.

Sore Feet? Never After Using TIZ—

Good-bye sore feet, aching feet, swollen feet, sweaty feet, smelling feet, tired feet.
Good-bye corns, callouses and bunions and raw spots.
You've never tried anything like TIZ before for your feet. It is different from anything ever before sold.
It acts at once and makes the feet feel remarkably fresh and sore-proof.
TIZ is not a powder. Powders and other foot remedies clog up the pores. TIZ draws out all poisonous exudations which bring on soreness of the feet, and is the only remedy that does. TIZ cleans out every pore and glorifies the feet—your feet.
You'll never limp again or draw up your face in pain, and you'll forget about your corns, bunions and callouses. You'll feel like a new person.
If you don't find all this true after trying a box of TIZ, you can get your money right back.
TIZ is for sale at all druggists at 25 cents per box, or it will be sent you direct if you wish from Walter Luther Dodge & Co., Chicago, Ill.

JUST THIS

There is Only One Pen You Can Fill and Clean in this Easy Manner

After all's said and done there is only *one* pen which fills itself *instantly* at *any* inkwell by simply pressing the CRESCENT-FILLER, and *that* pen is the Conklin. The Conklin Pen is the very embodiment of pen convenience and utility. It *fills itself*—it *cleans* itself—it *does not and cannot* sweat in the pocket—while in writing it feeds the ink to the paper simultaneously with the thoughts of the writer.

Conklin's Self-Filling Fountain Pen

is identified by the "Crescent-Filler"—the greatest single advance in fountain pens ever made. *The Ink Reservoir of the Conklin Pen is Guaranteed for Five Years.*

OUT GOES RHEUMATISM

RHEUMA is guaranteed to drive out every bit of Rheumatic Poison or money back.

That's a pretty strong, ironclad guarantee, but Meyer Bros. Co. will stand back of it every day in the week.

So, if you suffer from Rheumatism of any kind whatever, put RHEUMA to work today. RHEUMA doesn't waste any time getting ready, but starts the first day to act on the kidneys, liver, bowels and blood and to drive the poisonous uric acid, which is the cause of Rheumatism, from the system.

If you haven't Rheumatism yourself, tell your Rheumatic friend about this money back offer. A bottle of RHEUMA only costs 50 cents at Meyer Bros. Co. or mailed, charges prepaid, by Rheuma Co., Buffalo, N. Y. Send for free trial bottle.

For acute indigestion or any stomach misery get ENGLISH MARHUE, 25 cents at Meyer Bros. Co. Mailed by Rheuma Co., Buffalo, N. Y.

Slip-on Rubber Coats
3.98

We have made this garment famous by offering it at this low price. It is the best $5.00 value procurable. We have a full selection of sizes—women's and misses'—now on hand. Grays and tans.

Rosenthal's
"READY TO WEAR STORE"
Two Entrances 732 Calhoun St.

New Corduroy Skirts
3.98

Tan, blue and brown, made in the new three piece style, with habit back, high belt, self-covert button and braid trimmed. Corderoy of splendid quality. Regular $5.98 value, at the special price a bargain.

FUR SALE

JACK FROST is here; no telling how soon warmth-giving Furs must be brought into use. Our showing is complete—twice as large as any former season. We quote prices lower than can be found elsewhere—there's a reason—just think of the immense quantity of Furs our Mr. Rosenthal contracts for—all are sampled by him, skins are then selected and the pieces made up as per order. They must pass critical inspection before being accepted. We share in the savings this combined buying brings about and this is why we can give you such great values. All the desirable skins the season demands are here. We quote a few—hundreds of others are offered at prices with equal savings.

50 Large Size Black Coney Muffs on sale at 1.98

Select coney fur, with silky gloss; extra large pillow shape; regular $3.00 value.

50 Black Coney Capes at 3.25, 3.50, and 3.98

These capes were made to match the muffs above mentioned and are priced according to size, but all are in the large shawl collar effect.

Natural opossum sets, collar with heads and tails, **Set at $12.50**

Beautiful shaggy blue wolf set, extra large muff, large collar. **Set for $28.00**

SIX MONTHS FOR BLACK MAGICIAN

He Thought It Was Fair Enough and Told the Judge as Much.

OTHER NEGROES HELD

"Fair enough," said Thomas Reed, black magician, as he left the witness stand in the city court today with a fine of $10 and costs and a jail sentence of six months tacked to him. He evidently expected more as he had no defense to offer.

He went into Trenkley & Koerber's and other jewelry stores and asked to be shown plain band rings and he brought his knowledge of sleight of hand into play so successfully that he got away with five of them by substituting brass ones in their stead.

Deputy Prosecutor Callahan attempted to get him to show a few tricks with the rings, but the negro was too wise and said that he could manipulate only a thimble. He had sold the rings in a pawn shop and told a lame story about having picked them up in other cities where they were pawned to him.

Bob Williams and Charles Burke, two negroes who stole a suit case belonging to Robert C. Addison from the Pennsylvania station, were given $10 and costs each with six months, just like Reed.

They were arrested at the negro club on West Main street, which the police say is a hangout for many of the crooks that come to the city, and an investigation has been recommended by police officers to the chief.

George Howell, a fourth negro, who picked up Andrew Schmuck's diamond ring at a South Calhoun street saloon yesterday and hid it in the back yard, was sent over with six months to serve and a fine of $10 and costs to pay.

George Gilmore was fined $5 and costs for vagrancy; William Meyers, who insisted while he was drunk that he is the son of a Cleveland millionaire, was held until tomorrow, and Pete Doenges drew $1 and costs for drunkenness.

RUBBER MEN UNDER ARREST.

Comstock Campaign at Akron Produces Some Results.

Akron, Ohio, Oct. 25.—As a result of a campaign inaugurated by Anthony Comstock, the New York "reformer," three Akron rubber men are under arrest on federal warrants, charging that they violated inter-state commerce laws by handling contraband goods. They are John Hatfield, president of the John Hatfield Rubber company, and Charles and Benjamin Whitehead, heads of a sundries supply company. All pleaded not guilty today and were placed under bonds. It is said other arrests may be made.

Ends Catarrh

No Stomach Dosing; Meyer Bros. Co. Guarantees Hyomei, the Old Reliable Remedy.

You can get rid of hawking, spitting, snuffles, discharge of mucus and foul breath if you will only try.

You can get a complete HYOMEI (pronounce it High-o-me) outfit for $1.00 with a guarantee that if it does not end the misery of catarrh you can have your money back.

Catarrh is caused by germs, and the only way to kill these germs and forever banish catarrh is to breathe HYOMEI, an antiseptic vaporized air that hundreds of thousands have used with wonderful success. Bear in mind that there is no cocaine, opium or other habit forming drug in HYOMEI; it is made of pure Australian Eucalyptus and other antiseptics.

For catarrh, asthma, catarrhal deafness, colds, croup and coughs HYOMEI has no equal.

If you already own a HYOMEI inhaler you can get a bottle of HYOMEI for only 50 cents at Meyer Bros. Co. and druggists everywhere.

LOOKING UP LAW BEFORE MEETING

Mr. Wardop Will Be Ready for a Conference Early Next Week.

WRITES TO THE MAYOR

Superintendent W. M. Wardrop, of the Pennsylvania company, and Attorney Fred Zollars are looking up the law relative to the separation of grades at Clinton street and as soon as they have finished the task the former will ask the board of public works for a conference.

This will probably be finished early next week and then the meeting will be asked for. Mr. Wardrop hopes that the matter can be amicably settled and so states in his letter to Mayor Grice, which is as follows:

"This will acknowledge receipt of the letter dater October 18th, signed by yourself and the board of public works, regarding the Clinton street matter.

"I thank you for the pains with which you have stated the situation in all of its aspects and shall ask you for a meeting probably early next week, to discuss the matter again.

"In the meantime Mr. Zollars and I want to look over some of the points in the law to which you have called attention, with the view to ascertaining whether it is better for the interests of all concerned to proceed through the courts, or whether we can perhaps handle the whole matter by amicable conference, such as has been characteristic of our negotiations in the past.

"Yours truly,
"W. M. WARDROP,
"Superintendent."

ECLIPSE CUTS IN WITH BIG SCORES

Centlivre Leads With Two Doubles and Team Ran Up Good Total.

PRINTERS WIN OUT

In the Fort Wayne Bowling association match at the Metropolitan alleys last night the Eclipse team cut into the running with the best scores of the season taking 2,795 pins for the evening's work and falling below 900 in only one of the three games. The average for the series was 931 2-3.

Centlivre, one of the younger squad of bowlers, starred through the series and quit with a total of 627 pins in the three games, nipping off an average way above the 200 mark. Smyser ran him a close second for the individual score by tubbing 214 in his final effort. He and Wichman and Koenig rolled consistently all through with a one pin dividing the trio.

The White Fruit House five was way below the usual average for the men on the squad and lost three games in a row. Captain Knoll led his men with 159 for an average.

Manufacturers' League.

John Leist and young Agne fought it out for high marks in the Manufacturers' league games and the former outpointed his man just a shade in general work. With 214 for high he was two pins to the good for high score and an even six hundred pins for the series gave him the average.

Agne had a bad slump in his second game and that prevented him from getting a double century average. The Kerr Murray crowd did not have a chance in any of the games and the Fort Wayne Printing company lugged off three games in a row.

Brunswick Leagues.

Scores in the first Brunswick league were all way below the standard for the organization and the Colonial Theater team won three games from the Seavey Hardware quintet and the best total of the series was 751.

In the Second league the Edmunds Electrics ran up three very creditable totals for an average of 844 for the evening's work. Buechner was the only bowler to reach a double and he recorded one in his second game and got the honors. The Royalis trailed all the way and didn't show in any of the games.

Elks' Temple Alleys.

Alerding doubled in the final game of the Teeth-Hide series at the Elks Temple alleys and this enabled the molars to bite off the final conflict with the skins. Captain Pete Krill was high gun for his club and he chased Alerding for the individual mark, taking 211 for his best count, and this gave him high average.

The Emmaus League.

At the Emmaus alleys the Cardinals licked the Tots in three straight games and didn't have much trouble landing the trick. The league is composed almost exclusively of inexperienced bowlers, many of whom did not take up the pastime until the alleys were set in in the church hall building a month ago.

NOT TOO STRONG FOR EVANSVILLE

It is Second Choice and Will Get in If Springfield is Lost.

CITY MAKES A FIGHT

South Bend, Ind., Oct. 25.—Confirmation of reports from Evansville, Ind., that that city is endeavoring to regain a berth in the Central league was made at Central league headquarters this morning. President F. R. Carson has been in communication with Owner W. H. Watkins, of Indianapolis, who announces he has received intimation of an offer from the Evansville people. What inducements the downstaters will be able to make will be made known after a conference with President Carson and Owner Watkins.

Mr. Watkins has bought a Central franchise, the final steps in the purchase deal to be made this week, and may place it at Springfield, O. Evansville, however, realizing that a chance for high class minor league ball is about to slip away is grasping at the last straw, and opened negotiations with the American association magnate. The latter, safe-guarding himself against a possible refusal by the national association to allow him to place a Central league franchise in the Buckeye city, has consented to consider any proposition the Evansville men may offer. He, however, did not make the first overtures as dispatches from Evansville state.

Final action binding the transfer by purchase of the Evansville franchise to Mr. Watkins will be made tomorrow, when President Carson will go to Indianapolis to confer with the Indianapolis owner. To complete the 1912 circuit then only a selection of an eighth city in which to locate Watkins' franchise will be necessary. President Carson has emphasized again and again the strength of the league, and anticipates the organization's best year in 1912.

Owner Bert Aanis made his weekly jaunt to South Bend Saturday and returned last night to the Furniture City. Bert visits league headquarters during every stay and he and President Carson combine in predicting the greatest season ever on each occasion.

While in Indianapolis, it is possible President Carson with Mr. Watkins will meet an Evansville committee.

GLENN COAKLEY INDICTED.

Fort Wayne Pugilist Among Those Charged by Grand Jury.

Evansville, Ind., Oct. 25.—For engaging in boxing contests held by Evansville men in Mt. Vernon last spring, the Posey county grand jury indicted seven pugilists on charges of assault and battery. Geo. Coogan, Evansville, welterweight, was arrested and released on bonds. The other pugilists indicted are Jack Dillon, Indianapolis; Neal Hendricks, San Francisco; Jack Stevens, Terre Haute; Glen Coakley, Fort Wayne, and Jack Brennan, Chicago.

BIG INDIAN TOYED WITH THE GIANTS

Dandar.

MANAGERS ANNEX THE EASY MONEY

Do Their Proteges Brown While They Are Learning the Game.

DON'T EVEN SPLIT

Philadelphia, Pa., Oct. 25.—Talking of managers of pugilists, there are some fly gentlemen in that business, and some of the things they pull off are amusing, but not to the victims of their rapaciousness.

One fellow who handled boxers in this city a short time ago made a match for his man for $50, although he did not tell the boxer what he was to get. After the fight was over the manager went into the box office of the club and collected. He divided the pile in two, putting each half in separate trousers pockets. When he came out he handed the fighter $25, which satisfied the latter, as it was the biggest sum he had ever earned since he started boxing professionally.

The pair walked down the street for a block or two and they were about to part when the manager stopped suddenly and asked: "Well, where do I come in. Am I going to work my head off getting matches for you for nothing?" Not knowing that the manager had already trimmed the roll for $25, the fighter took out his money, and peeling off a five spot handed it over. The manager received it with the remark: "That is something like it, but you did not break your arm at that," and each man went his way.

Of course all the managers of fighters do not handle their men such raw deals as this, but often the fighter gets decidedly the worst of it through the cupidity of the man who handles the business end of the transaction, and those who follow the game closely often hear of tricks pulled off by slippery managers which are hard to believe.

Down east a few years ago a boxer was taken into camp by a notorious crooked Boston manager. The latter promoted a fight, and while the men were in the ring he decamped with the entire receipts. When the fight was over there was nothing for either of the principals.

Meeting the promoter a few days later, the winner asked him for some money, and he was presented with a bill for training expenses which the manager claimed to have paid which amounted to more than the fighter's share of the gate receipts, and to this day he has never collected a penny for fighting one of the hardest contests of his career.

Another slick trick is related of a manager of boxers I na town not a thousand miles from Philadelphia. There was a out scheduled for which the purse was a bout scheduled for which the purse was to be $100, split even, fifty each. One time came to go into the ring, and the managers of the club were at their wits' end to get a substitute.

Hearing of the troubles of the club owners, a manager of fighters, who happened to be present, jumped in and offered to help them out of their difficulties. He knew a young teamster who was present and who was something of an amateur fighter. Going to him quietly he asked if he would like to fight that fellow over there, "nting to the man who was willing to keep his engagement. The young teamster looked his prospective opponent over and said: "He don't look so tough. What will you give me for fighting him?" The hustling manager said: "If you let me do your business for you I can get you $7.50." "Why, sure I'll fight him for that," was the reply; "that's really a week's work, ain't it?" And he went back to the dressing room and the club managers, who were so pleased that they did not have to disappoint their patrons, supplied teamster won the fight in five rounds, him with shoes and boxing tights. The beating his man so badly that the referee stopped the contest to save further brutality. The manager collected the $50 from the club owners, handed $7.50 to the delighted teamster and pocketed the other $42.50.

The victorious teamster was so pleased with winning his first ring contest that he handed the man who got him the fight a $1 bill for his trouble and to this day he does not know how much the worst of it he got from the man who arranged for his services with the club owners.

Eddie O'Keefe's recent experience in the west is a good illustration of the way a fighter can be fleeced by sure thing managers. O'Keefe expected to get $700 for his share of a big contest. Instead of that he only brought home $200, and the rest was split up among a number of sharpers who saw it first.

OVERALLS.

Finck's Detroit Special, Carhartt, Carter, Cones Bros. and Wearwell, are all sold at our store at 75c a pair or $1.50 a suit.

PATTERSON-FLETCHER CO.

MANAGER IS BIT PEEVED.

Manager McGraw would like to know what becomes of all the money that the national commission gets from a series like the world series. "They are accountable to no one for it. In the second place, why do they have the moving picture rights? In one mail I got a reprimand from the commission; in another I receive a request from it to have the team pose for moving pictures. The players can suit themselves about posing for the pictures. I won't order them to do it."

CONDENSED NEWS FROM FIELD OF SPORT

Frank Gotch's father is dead at Humboldt, Ia.

Harry Forbes has signed to meet Patsy Kline and Joe Coster before O'Rourke's club in New York.

Of the twirlers in the world's series Marquard receives the smallest pay. Even he admits the truth of this. Yet he has an automobile costing $5,000.

Ted Waring will return next spring to Terre Haute and will be first catcher for the club. He was suspended last season for sleeping too late of mornings and quit Eddie Wheeler cold.

Connie Mack told a Wheeling admirer that he might give Cy Morgan and Paddy Livingstone a chance in the world's series. Morgan lives at Wheeling and Livingstone started his career there.

Kenworthy is back at his home near Zanesville after a sucessful season with Jack Hendricks at Denver and is showing a medal given him by the management and presented by President Taft.

Grover Gilmore, the speedy outfielder of the Denver club, who was recalled by the Chicago Cubs, has been turned over to the Des Moines club of the Western league along with Hlatowski, the former Notre Dame catcher.

Charley Carr will manage the Kansas City team next season. Daniel Shay, this year's manager announced himself as being through with the Kansas City club. Carr was former manager of the Indianapolis club.

John J. McGraw is poor, while Christy Mathewson is well to do. McGraw is worth about $5,000, while Mathewson's bank account equals $200,000. Any betting proposition interests McGraw, while Mathewson is careful and a plain liver, while McGraw spends much on Broadway resturants and theaters.

Abe Attell and Johnny Kling are still waiting for some club to stage their bout. The whole question depends upon the purse offered. There are a number of clubs that would put on the fight on a percentage basis. Jimmy Coffroth, who is acknowledged the greatest fight promoter in the country, has an ironclad rule: "Pay the fighters what they are worth." The box office tells the tale. Coffroth guarantees no purses.

"Sherwood Magee," says Johnny Bates, "is the real ivory-head of the baseball world. No reflection on his intellect, because Mag is a good thinker, but because it is a physical fact. Doctors who have examined the dome of Mr. Magee state that he has a double skull—a thickness of the head bones that is twice that of the average mortal. Mag could enter a contest with a goat and win out easy, while if any pitcher ever slammed him full on the bean he'd only spoil the ball."

MAY ENJOIN THE POLICE OFFICERS

Hammond Athletic Club is Not Disposed to Lay Down on Fight.

Chicago, Ill., Oct. 25.—The Hammond Athletic club is going ahead with its program for Tuesday night, and this, in spite of the fact that Anton Trapper, president of the Hammond board of police commissioners, has declared that the Schlossberg-O'Neil match cannot take place. The members of the club declare they are not violating any police agreement and should the authorities remain firm in their stand, an injunction restraining the police from acting will be resorted to.

From inside source it has been learned that there was no objection to the match until it was learned that a special train would carry a crowd of Chicagoans to the ringside. Recalling to mind the wholesale work of the pickpockets when Jimmy Clabby and Knockout Brown fought, and fearing the repetition of such action, the officials decided to interfere.

But the club declares that should a special be chartered it would be manned by Chicago and Pinkerton detectives, who would rid it of pickpockets.

And while the difficulties between the club and the authorities is being thrashed out, the principals in the wind-up are going right ahead with their work. For a man who really is close to the top ranks among the middleweight fighters of the day Tim O'Neil, of Irondale, is about as unattractive a man in a gymnasium as one could find in a month's travel. Tim is training mighty hard for his battle with Scissberg, but is doing it in his own way.

He boxes a little, but the work is of such a light character as to amount almost to nothing. He works with the idea merely of quickening his eye and retaining his judgment of distance.

Otherwise Tim works hard enough to get into the best of shape. He will weigh about 165 pounds going into the ring, although he figured he would scale at least six pounds heavier than this. Tim's hands are now in fine shape, but he isn't taking any chances with them in the gymnasium.

Schlossberg, the navy champion, also is reported to be in the finest fettle for the match and is possessed of thorough confidence despite the fact that several of the good judges at the ringside declared that he had a shade the worst of the first argument last spring. Phil claims to have improved some since then and assures his friends that he will make things mighty interesting for the man from the steel country.

Nobby Derbies for young men, with low crown and wide brim.

MATCH AT LYCEUM ALLEYS.

Eckart's Packing Team Will Try to Trim St. Patricks.

There will be a match bowling series tonight at St. Patrick's Lyceum alleys between J. Werstein, Tom Connolly, T. Tiernan, Frank Mills, George Sosenheimer and Allen Ward, representing the Lyceum, and John Kelly, F. Bennett, Ed Hecht, Vince Bender and Fred Vollmer, representing the Fred Eckart Packing company.

You are not experimenting on yourself when you take Chamberlain's Cough Remedy for a cold as that preparation has won its great reputation and extensive sale by its remarkable cures of colds, and can always be depended upon. It is equally valuable for adults and children and may be given to young children with implicit confidence as it contains no harmful drug. Sold by all dealers.

TOURNAMENT ON FRIDAY NIGHT.

Two Men Affairs to Be Resumed at the Metropolitan Alleys.

Friday night the first of a series of two-men tournaments proposed for the Metropolitan alleys during the winter months will be staged. Last season they were extremely popular and for that reason they will be revived.

We want to call your attention to our remarkable showing of overcoats. We claim to show more overcoats between the prices of $15 and $75 than you can find in any other four stores in Fort Wayne. Fine imported Kerseys, Meltons, Scotches and Freezes. Not high-priced, but high value for the price.

PATTERSON-FLETCHER CO.

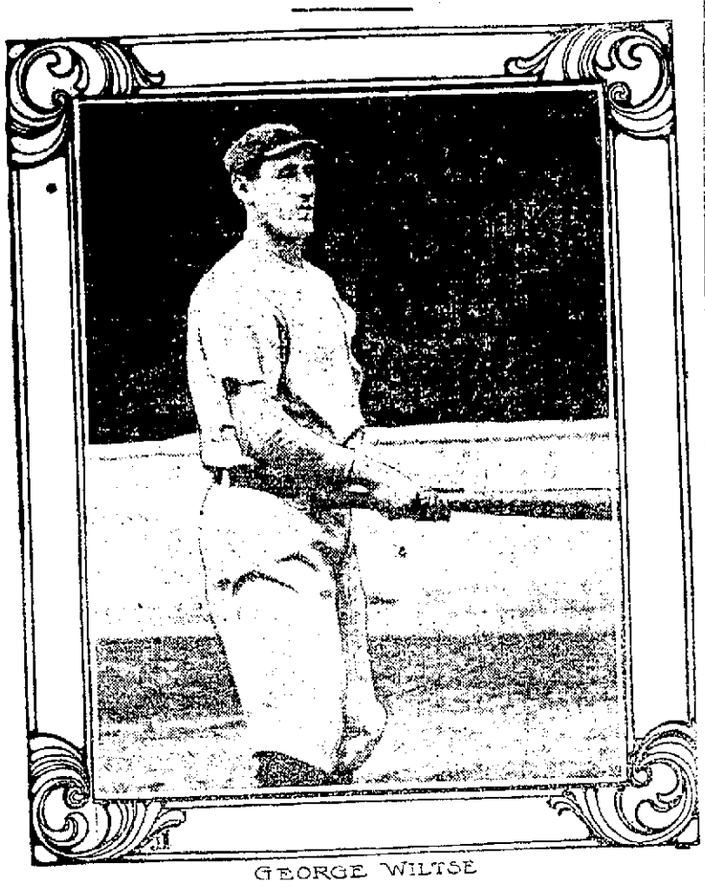
NOTICE TO GAS CONSUMERS

Gas consumers whose bills fall due Oct. 15th, to pay same on or before Oct. 25th. Bills due on the 15th that are not paid until after the 25th, will be charged at the rate of 95c per thousand cubic feet.

Hart, Schaffner & Marx fine hand-tailored suits at $15, or $5 under the price of any other store in the state, is what we mean when we say, "Not high-priced—but high value for the price."

PATTERSON-FLETCHER CO.

GOT HIS FIRST CHANCE IN BIG SERIES



GEORGE WILTSE

CHANCE TRIED TO GET CHARLEY FAUST

Charley Faust, before the world's series was considered the greatest mascot that ever happened by Muggsy McGraw and the rest of the Giants. Faust accompanied the Giants on their last western trip of the National league season. They won the pennant on that trip, starting out with a string of victories over Pittsburg and Philadelphia.

When the Giants hit Chicago they had the pennant practically cinched. There was still a chance for the Cubs to beat them out, however, and superstitious Frank Chance made an effort to get Faust to jump the Giants for the Cubs. Chance figured Faust might bring the Cubs luck enough for them to beat the New Yorkers out of the flag.

Faust was loyal to McGraw. He wouldn't think of leaving the Giants. A Kansas fortune teller told Faust he would be a great pitcher with the Giants, but not worth a darn with any other club. He believes he will yet get a chance to pitch for McGraw, and wouldn't think of losing it for anything.

"After Chance saw he couldn't get Faust away from the Giants, we had a lot of fun with him," says Jack Rowan, former Cub pitcher, who goes to Louisville next season. "Heinie Zimmerman, Trainer Doc Seamons and myself got Faust in a corner one day while we were playing the last series with the Giants and kidded him for about an hour. We made him tell us his age, weight and other measurements. We looked at his teeth, had him warm up for us and made him sign a pledge against chewing, smoking, drinking and swearing. We told him no good mascot should do any of those things. If it hadn't been for the fortune teller telling him he must serve his career with the Giants, I believe he would have jumped to us in a jiffy."

"When Faust turned up at the Polo grounds after the Giants had shaken him in St. Louis early in the season, McGraw thought he might use him as a mascot and decided to have some fun with him right away. He had him warm up a while and then told him he was the greatest pitcher he had ever seen.

"'You go up and see President Brush about a contract,'" McGraw told Faust. 'When he asks you about salary tell him you want $6,000 a season and a five-year contract. He'll think more of you than he would if you offered to sign cheap.'

"Faust called at Brush's office while Nat Wills, the comedian, was in. Brush saw a chance to have some fun with Faust. So he introduced Wills as my secretary, Mr. Gray, who will fix you up a contract.

"Wills kidded Faust a while, and then signed him to a contract, which called for $6,000 a year for five years, providing he never smoked chewed or drank, went to bed at eight every night and got up at 4 a. m., and a lot of other clauses which no man could live up to.

"'By the way, Faust,' Wills said, 'You say you are a pitcher. I'll have to look you over. Come out to morning practice and throw a few for me.'

"'All right. What time do you practice?' Faust answered.

"'Four-thirty in the morning at the Polo grounds,' Wills answered.

"The next morning Faust was at the Polo grounds in uniform at four-thirty, ready to show Wills his stuff. The Giants found him asleep on the bench when they came out at 10 o'clock."

NEW WEIGHT RECORD.

P. "BABE" McDONALD.

"Babe" McDonald, of the Irish-Americans, created a new record at the recent fall games of the Irish-American Athletic Club at Celtic Park, New York, at putting the twenty-four pound shot. The giant member of New York's police traffic squad put the leaden missile a distance of 38 ft. 10 11-16 in., which created a new record for that event. The old mark, 38 ft. 2¾ in., was made by Ralph Rose, of the Olympic Club of San Francisco, in Madison Square Garden on December 30, 1904.

DISTINGUISHED MEN VISIT CITY

President Delano and Staff Spend Over an Hour in Fort Wayne.

INSPECTING THE WABASH PROPERTY

Pennsylvania Advances a Number of Clerks—Shop and Rail.

All of the higher officials of the Wabash, including President F. A. Delano, spent an hour and a half in Fort Wayne this morning, arriving here on a special train at 9 o'clock and leaving for Toledo at 10:30 o'clock. The occasion for the visit is the official semi-annual inspection of the property of the entire system.

Looked Over Freight House Site.

The party was escorted through the shops and over the grounds on which will soon be erected a magnificent freight house and were particularly interested in the latter. Concerning this improvement General Manager Henry Miller said that the contract papers had been signed and that it was now up to the Beers-Offutt Construction company to push the improvement along to a finish. "Mr. Beers made the request this morning that we have the grounds surveyed and the stakes set at once, as the construction company was anxious to take up work. That firm has the entire contract, except laying the rails in the yards, which will be done by the Wabash," said Mr. Miller.

Greatest Improvement of the Year.

President Delano expressed pleasure at the completion of the Calhoun street elevation and said he was anxious to get the other portions of the improvements in Fort Wayne finished. Asked concerning a new depot Mr. Delano said: "The Wabash spent more money in improvements in Fort Wayne the past year than on the entire other portions of the system and is not in shape to take up the 'passenger depot question now. When we build one we want it to be a credit to the company and the city. I presume it will be located where the old freight house now stands, as it will have the advantage of a street at both ends—Calhoun on the east and Harrison on the west."

Business Fair; Expenses Heavy.

Concerning business conditions, President Delano said: "Passenger and freight traffic on the Wabash is fairly good, though it is not up to the standard of last year. And expenses are much greater. Wages and material prices have advanced within the past two years out of all proportion to business increase and of course this affects the earnings."

Itinerary of Party.

President Delano and party left St. Louis at 7 o'clock yesterday morning and came east as far as Lafayette, where a stop for the night was made. They left Lafayette at 6:30 this morning and will go to Detroit, via Toledo, this afternoon, stopping over night at Detroit. Thence they will inspect the Detroit-Chicago branch and later the western parts of the system.

Personnel of the Party.

In the party are F. A. Delano, president; Henry Miller, vice president and general manager; George G. Yeoman, assistant to the president; W. C. Maxwell, general traffic manager; S. E. Cotter, general superintendent; A. O. Cunningham, chief engineer; T. J. Frier, general purchasing agent; E. F. Needham, superintendent of motive power; J. D. McNamara, general passenger agent; C. H. Stinson, general freight agent; H. E. Watts, assistant general freight agent; H. G. Holden, assistant general freight agent; T. R. Farrell, assistant general freight agent; D. I. Forsyth, superintendent of transportation; G. C. Kinsman, superintendent of telegraph; T. J. Tobin, auditor; Charles H. Newton, general freight claim agent; W. S. Danes, division engineer; J. C. Sullivan, division superintendent; W. A. Spratt, district freight agent; G. W. Smith, master mechanic; H. W. Hurst, division storekeeper; Michael Lumm, supervisor; W. H. Shorey, district passenger agent; A. F. King, road foreman of engines; J. L. Craig, traveling freight agent; C. E. Wells, trainmaster; R. J. Berger, auditor freight accounts, and S. J. Parks, auditor passenger accounts.

SEVERAL MEN ADVANCED.

Ernest Stephan Heads List as Assistant Chief Clerk.

A series of promotions affecting a number of the clerks in the Pennsylvania superintendent's offices became effective yesterday, due to the creation of a new office, assistant to the chief clerk, Robert Learmonth. Under a new arrangement Mr. Learmonth will hereafter spend much more time out on the road than heretofore, which necessitates the assistant chief clerkship.

Ernest F. Stephan has been appointed to the new office and the other promotions are as follows: William F. Ryan, record clerk, succeeding Mr. Stephan; Oscar G. Ankenbruck, stenographer in the chief clerk's office, succeeding Mr. Ryan; Otto H. Bosselmann, application clerk, succeeding Mr. Ankenbruck; Elmer Voirol, assistant time clerk, succeeding Mr. Bosselmann; Ferdinand H. Scheffer, bill and pass clerk, succeeding Mr. Voirol, and J. P. Murray, stenographer and clerk in the claim agent's office, succeeding Mr. Scheffer.

These men get their promotions upon individual merit, having passed through one or more of the positions with credit. Mr. Stephan's service with the company dates from 1901, when he began work as a clerk to Supervisor Shinneman at Upper Sandusky, O. In 1903 he was called to the maintenance of way office in this city by Division Engineer Frank Worthington, where he remained until 1905, when he became assistant to Frank J. Greer, the timekeeper in the transportation department, going thence to the position of record clerk last January.

William F. Ryan began work as a stenographer to Capt. Stoll in the police department in 1902 and went from that office to the superintendent's office as application clerk and was soon called to the chief clerk's office as stenographer to Robert Learmonth.

Oscar G. Ankenbruck began as a stenographer to C. R. Culmey, road foreman of engines, in June, 1903 and went thence to the application desk in the superintendent's office.

Otto H. Bosselmann commenced his work with the company as a clerk in the maintenance of way department office in 1903 and went to the superintendent's office in 1907.

Elmer Voirol has been in the employ of the company only since last January. He was formerly a stenographer and clerk in the Lincoln Life Insurance company's offices.

F. H. Scheffer has been with the company about a year, commencing as a clerk to Master Car Builder J. A. Graham and thence going into the claim agent's office as a clerk and stenographer. He was employed for several years in the shipping department of the Fort Wayne Electric works.

J. P. Murray comes from Richmond, Ind., where he was employed as a stenographer in the office of Superintendent Neff, of the Richmond division of the Panhandle lines.

HUNDREDS WILL BE THERE.

Demand for Tickets to B. L. E. Dance is Great.

Over 400 tickets to the annual ball of Nickel Plate division No. 537, B. L. E., which takes place at Minuet hall next Friday night, have been sold and still the demand has not been supplied. One of the members of the committee on arrangements said last night that he believed upwards of 500 tickets would be sold and that the division's first ball was going to be a financial and social success. "We are sparing no expense in the arrangements and propose to make our guests enjoy themselves on that evening. We have arranged for progressive pedro in the balcony hall for those who prefer that kind of an amusement to dancing and we will have some prizes that will be well worth an effort to win," said the committeeman. The committee of arrangements is composed of M. J. Maroney, chairman; S. P. Hooper and J. W. Harber and the entire division will act as a reception committee at the dance hall.

KILLED IN PERU YARDS.

Charles Alltop Run Down by a Locomotive.

When the engine which took eastbound Wabash passenger train No. 2 into Peru yesterday morning uncoupled and started backwards to the round house it ran over and instantly killed Charles Alltop, the engineer on the Wabash derrick. No one witnessed the accident and nothing was known concerning it until the mangled remains of Mr. Alltop were found soon afterwards by some of the employes in the yard. The dead man was on his way to the derrick to prepare for the day's work when the accident happened. He resided in Defiance, where a widow and three grown children survive him. The engine which killed the man was in charge of Engineer William Stewart and Fireman Fred Sturgis. Alltop was a carpenter by trade and his first service with the Wabash was in that capacity, twenty-five years ago. He resided in Defiance all that time.

IMPROVING THEIR HALL.

Nickel Plate division No. 537, Brotherhood of Locomotive Engineers, is making some improvements in its hall at the corner of West Main and Center streets. A highly polished and waxed maple floor has been laid in the social room and some pictures are to be added to the wall decorations. One of these will be the photographs of the members, each the same size and as far as possible of the same style. There will be ninety-four faces in the group, which represents the membership up to date. Photographs for this wall piece are now being gathered and it will be completed in a week or two.

REBUILDING TWO FURNACES.

The furnaces of the two west end water tube boilers of the Pennsylvania power plant are to be rebuilt under somewhat different lines with a view of increasing their efficiency. The change affects only the walls and the arches. While these two boilers are out of commission, two locomotive boilers will assist in furnishing the steam for driving the machinery and heating the shops. The locomotives are now being placed in position.

SHOP CLERKS TRANSFERRED.

Effective tomorrow, C. K. Seibold will be transferred from office of Foreman George A. Szink, of the Pennsylvania blacksmith shop, to the office of J. T. Leach, acting foreman of the erecting shop. He will succeed C. Ballinger, who goes to the east paint shop as clerk to General Foreman George A. Graham. These changes are promotions for the men affected.

BRAKEMAN LOSES A FOOT.

J. W. Cummings, a Wabash brakeman residing in Peru and known to the men connected with the train department in this city, lost a foot Monday night, when he was run down by a car being pushed by an engine in the Peru yards. He is now in the company's hospital at Peru, where the crushed foot was amputated. Cummings is married and has three children.

WILL BUILD NEW TOWN.

Under the name of the Silver Grove Land and Building company, the Chesapeake & Ohio company has undertaken the building of a town just above Newport, Ky., where new yards, a planing mill, shop and round house are now being built. The Silver Grove Land and Building company has a capital stock of $100,000.

WILL COME HOME SUNDAY.

Machinist William C. Jefferies, of the Wabash shops, who was operated upon at the Peru hospital three weks ago for appendicitis, is now able to walk about the hospital grounds and expects to come home next Sunday. It will be some time, however, before he will be able to resume work.

Catarrh Cannot Be Cured

with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly upon the blood and mucous surfaces. Hall's Catarrh Cure is not a quack medicine. It was prescribed by one of the best physicians in this country for years and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing catarrh. Send for testimonials, free.

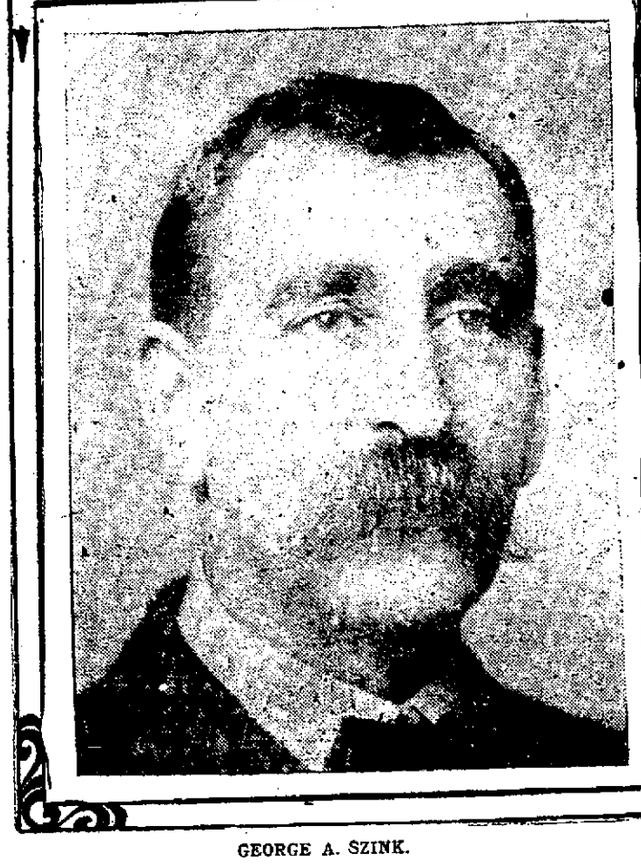
HAS BEEN IN EMPLOY OF PENNSYLVANIA OVER FORTY-ONE YEARS.



GEORGE A. SZINK.

George A. Szink, whose portrait appears above, belongs to a family whose male members have always worked in railway shops. His father, Col. Jacob Szink, was the first blacksmith foreman in the company's shops at Altoona, some sixty-two years ago, and with the exception of the time he served in the United States army as colonel of the 125th Pennsylvania regiment, in the early sixties, his entire life was spent at the blacksmith trade and the greater portion of it in the Pennsylvania shops at Altoona.

Colonel Szink was general foreman of the blacksmith department of the shops at Altoona when his son, George A. Szink, then 16 years old, entered them as an apprentice in 1870. Then the company had two blacksmith shops at Twelfth and Ninth streets, Altoona, both old frame buildings, the latter located on ground now occupied by the testing department buildings of the great shops. In the early summer of 1872 the company combined its two smith shops in one mammoth building located at Fourth street and Colonel Szink had charge of it. He died while holding that office August 1, 1872, and his son, Harry C. Szink, succeeded him and remained at the head of the department until he was 63 years old, when he retired. George served the remaining term of his apprenticeship with his brother and then served a year under instructions with George A. Hocksworth, general foreman of forge work in the locomotive department. In 1881 Mr. Szink was transferred from the Altoona shops to the company's shops at Renova, under General Foreman John Green, and in July, 1883, transferred to the Fort Wayne shops, under Harry C. Campbell, the general foreman. Mr. Campbell retired in 1884 and was succeeded by George H. Judy, with whom Mr. Szink worked at the forge until 1889, when he was appointed assistant foreman. In 1895 Mr. Judy went to Dayton to assume charge of the blacksmith department of the great Barney & Smith car shops and Mr. Szink was appointed general foreman of the Fort Wayne shops. He has occupied that position ever since and during his administration has witnessed a great revolution in blacksmith shop methods, involving the introduction of much labor saving machinery and many other improvements. Charles A. Szink, an expert painter in the engine department of the local shops, who is a brother to George Szink, has also been long in the employ of the Pennsylvania, his term of service extending over a period of forty years, about half of which was in the Fort Wayne shops. George A. Szink is prominent in Masonic and National Union lodge circles, being a member of Summit City lodge, No. 170, and of Kekionga council, National Union. He is also a member of the First Baptist church and takes an active part in the work.

LABORERS GIVEN MORE HOURS.

The laborers in the Pennsylvania shops have been favored somewhat in the reduction of working hours because their wages are less than those of the skilled workmen and the helpers. They will work fifty instead of forty-five hours per week.

INDUSTRIAL NOTES.

Charles A. Szink resumed his duties in the Pennsylvania paint shop this morning. He had been sick a few days.

A. J. Bobay, a pipefitter at the Pennsylvania shops, is out in the vicinity of Academie Station today, attending a wedding of a friend.

Cashier A. E. Stapleford, of the Nickel Plate freight house, is taking a part of his vacation this week, devoting the time to helping "fix things for the winter" at his home.

The B. & O. is in the market for 4,500 steel frame freight cars, to be delivered the coming winter. During the last fiscal year of the B. & O. the company expended for locomotives and cars $15,439,203.

At the last meeting of Nickel Plate division, No. 537, B. L. E., Engineer E. M. Hildenbrand's name was added to the membership roll, bringing the total up to ninety-four. Engineer Hildenbrand resides in Stony Island.

F. X. Miler, the blacksmith, who was hurt by a fall a week or more ago, tried to work this morning, but had to give up in an hour and return home. Other Pennsylvania shopmen on the sick list are J. Junk, A. Christen and H. E. Lonergan.

John Nelson Purviance, who held an important clerical position in the office of President James McCrea, of the Pennsylvania, died Monday. He was thirty-eight years old and had been employed by the Pennsylvania twenty-one years.

Boilermaker C. F. Kaiser, who was caught between a boiler and a pile of boiler plate when the latter toppled over and severely hurt, has recovered and this morning resumed his duties in the Pennsylvania shops. He was off duty about two weeks.

W. C. Stears, master mechanic at Lima for the C., H. & D., has been transferred to Indianapolis to succeed Master Mechanic F. C. Pickard, who resigned to go with the Pere Marquette. J. R. Grenier, round house foreman at Toledo, has been promoted to master mechanic at Lima. The latter official's territory includes the Fort Wayne branch of the C., H. & D. and he makes occasional visits here on business connected with the Wabash, which handles the company's trains in Fort Wayne.

UNCLE SAM NO SANTA CLAUS.

Letters Addressed to Kris Kringle Will Be Destroyed This Year.

Washington, Oct. 25.—The postoffice department will not act as Santa Claus this year. The department announced that letters addressed "To Santa Claus" and forwarded to the dead letter office will not be distributed to charitable organizations, benevolent persons, poor children or others.

Four years ago postmasters were authorized to turn over such letters to charitable peraons, but because of many abuses the order has never been renewed.

Under the laws and regulations letters to Santa Claus are classed as "fictitious" and returned to the writers or destroyed.

We sell the "Manhattan" and "Wilson Bros." shirts. Prices from $1.00 to $4.00.

Sincerity Clothes

It is an extra good overcoat and on its inside breast pocket you will find the Quality label.

Tukes Homes Fort Wayne

IT might surprise you to learn the class of trade our methods and our clothing have brought us. Men who seek the finest of clothing, regardless of price; men who have given up the custom tailor and his ***butchering*** "bushelings" in disgust; men who stand out most prominently among this city's foremost business men, these are the people who have rewarded our tireless efforts for securing the ***"best"*** and of giving more ***value*** for a dollar than has ever been given before in Fort Wayne.

The man of lesser means, the man who can't afford more than $12 or $15 or $18 for a suit or overcoat, will appreciate our value giving, small profitmaking basis even more. To him it means not only good dressing, but in the money saved it means more comfort for his ***family,*** less ***strain*** on the skimp purse and more ***genuine*** satisfaction in his dealings.

News of Our Neighboring Towns

PLUNGES THIRTY FEET INTO RIVER

Scaffold Breaks Under Workman—Badly Bruised on Rocks of River Bottom.

Huntington, Ind., Oct. 25.—Isaac Swihart received serious injuries shortly before noon yesterday when he fell fully thirty feet from the Wabash river bridge in the Warren road two miles south of the city, to the water below. Though fracture of the leg and internal injuries resulted, it is considered fortunate that the accident did not result fatally.

Breaking of a scaffold was responsible for the precipitation of Mr. Swihart into the cold water of the river. He was working upon the lower part of the structure, but, as the bridge is set upon high abutments, he was at a distance of about thirty feet above the river bed. In some manner, the scaffold slipped from its place and the painter fell to the river, alighting in several feet of water.

His escape from more serious injury was probably due to the water which served to break his fall, but at the same time it added danger of drowning. Walter Johnson, who was working with him, succeeded in rescuing the injured man and he was carried to a nearby farm house to await the arrival of an automobile called from this city.

At his home, 922 Oak street, a surgeon found Mr. Swihart suffering from a fracture of the left leg several inches below the knee and numerous cuts and bruises about his body from contact with the sharp rocks in the river bed. He complained of much pain later in the day and it is possible that his case will prove more serious than at first indicated. He may be suffering from internal injuries and it will require several days to determine the outcome.

MANY ATTEND MEETINGS.

Sunday School Convention at Dunkirk Now in Session.

Dunkirk, Ind., Oct. 25.—The annual convention of the Sunday school workers of the United Brethren churches of the Marion district, now in session at this place, is proving to be a success in every way. The first meeting of the convention was held yesterday afternoon and was attended by several hundred people. The program was carried out in an excellent manner.

Two meetings were held today and tomorrow the convention will come to a close after the regular business session has been held. Officers for the coming year will be elected before the meetings are adjourned.

DECATUR COUPLE WEDDED.

Decatur, Ind., Oct. 25.—Yesterday afternoon at 2 o'clock at the German Reformed parsonage on Third street, was solemnized by the Rev. L. C. Hessert, the bride's pastor, the wedding of Miss Pearl Breiner and Mr. Elgin King, two of the well known young people of the city. The wedding was a very quiet affair. After the ceremony, Mr. and Mrs. King went at once to their home which they had furnished in advance, in the Morrison building over the Burdg millinery store.

WILL DEDICATE NEW HIGH SCHOOL

Citizens of Monroe Plan Great Celebration for Opening of Knowledge Plant.

Monroe, Ind., Oct. 25.—Great is the preparation being made by the citizens of this town for the dedicatory exercises of the new Monroe high school, to be held on Friday evening, November 3rd. The first arrangements planned were that the dedication take place on Friday of this week, but on account of the fact that a desired speaker could not be secured for this occasion, it was postponed one week later. Everything is nearly complete and Professor East, in whose care the exercises have been left, is leaving nothing undone to make it one of the most memorable occasions ever held in Monroe. From the present arrangements Professor Greathouse, state superintendent of public instruction, will be in charge of the exercises. A record-breaking crowd is anticipated for the evening and the special program to be announced in a few days will be worth any one's time and attendance. Monroe is proud of the valuable building, of which it is now the owner.

FOUND DEAD IN BUGGY.

Coroner Investigates Peculiar Death of Farmer.

Warsaw, Ind., Oct. 25.—Coroner Charles A. Kelly, of this city, was called to the northeast part of the county to conduct an investigation following the death of Perry E. Wogoman, who was discovered lifeless in a buggy at the barn door of John Gilbert, a farmer residing five miles north of North Webster.

Perry E. Wogoman, aged about 35 years, was the son of Mr. and Mrs. Daniel Wogoman, whose farm is near that of Mr. Gilbert. Wogoman had borrowed a horse and buggy of Mr. Gilbert and had left the Gilbert place about 6 o'clock Sunday evening with the intention of going to Syracuse and bringing his mother home, the trip involving a drive of about ten miles going and returning.

How far Wogoman had proceeded toward Syracuse is not known. As far as could be ascertained only one man passed him on the way.

Coroner Kelly ascertained that Wogoman was subject to heart trouble and had suffered several attacks lately. It is the belief of the father of the young man that shortly after he left the Gilbert home he probably felt one of these heart attacks coming on and thereupon turned the animal homeward, dying upon the road.

CONVENTION OPENED.

Huntington, Ind., Oct. 25.—At the auditorium of the Central Christian church yesterday afternoon at two o'clock was opened the annual Huntington county Sunday school convention. Attendance at the opening session was between 150 and 175, which is regarded as excellent for the opening service. L. A. Ertzinger, county chairman, presided. Devotional exercises were conducted by Rev. C. B. Kerschner, of Warren. Miss Bess Barnhart presided in the musical exercises.

MONROEVILLE NEWS.

Monroeville, Ind., Oct. 25.—Mr. and Mrs. G. C. Hunsicker were at Fort Wayne Monday visiting friends.

Mr. and Mrs. D. R. Brown, of near Larwill, Ind., were here Sunday visiting relatives.

C. P. Mitchell is at Indianapolis attending the annual meeting of the Indiana Bankers' association.

James Gailey is opening a grocery in the building formerly occupied by T. J. Kirchner, on the north side, and will soon be in readiness to wait upon trade. Mr. Gailey has had considerable experience in this line of work and expects to conduct an up to date store.

Mrs. Seth Painter, who has been quite seriously ill, is considerably improved.

Mr. and Mrs. J. A. Schaab left today for Mt. Vernon and Danville, Ohio, where they will visit with relatives until the first of next week.

The Twentieth Century club was entertained at the home of Mrs. Sarah Sweany Monday evening. The subject for the evening was "Wm. Cullen Bryant." There were ten papers read on the subject relative to his life and works. Those present were Mesdames G. W. Barbour, M. A. Clem, L. E. Wright, N. Youse, A. E. Schaab, G. E. Spake, Maude Griffith, D. E. Kauffman, H. Krick, J. O. Laughlin, J. F. Neizer, J. A. Schaab, C. A. Nill and Misses Maggie Connolly, Helen Davis, Rose Kauffman, Elsie Jones and Minnie Murchland. Mrs. Sweany served a dainty lunch and in every respect proved herself to be an admirable hostess, as all present report having an exceptionally good time. On Nov. 9th the club will give its first social evening at the home of Mrs. Wm. Smith.

NEAR CENTURY MARK.

Pioneer Farmer Expires at Age of Ninety-Seven.

Columbia City, Ind., Oct. 25.—Alexander McNagny, the aged father of Hon. William F. McNagny, of this city, expired at his home a mile west of Larwill, about 1 o'clock yesterday afternoon. He had been in failing health for the past few months and Monday afternoon his son was notified by Dr. Tennant that the end appeared to be approaching. Mr. McNagny went at once to the bedside of his father and remained with him until the end.

The deceased was born in January, 1815 and his early life was spent in Ohio. He came with his family to Whitley county in 1845, and for sixty-six years past has resided upon the farm upon which he died. He was in his ninety-seventh year and was one of the oldest residents of the county. His wife preceded him in death twenty-eight years, and he is survived by the son of this city and by one daughter, Miss Hattie, who made her home with him.

TYPHOID PROVES FATAL.

Columbia City, Ind., Oct. 25.—Charles Miller, aged 50 years, a well known farmer of Washington township, died at his home near Peabody at an early hour yesterday morning, death being caused by typhoid fever. The deceased was stricken with the dread disease five weeks ago, and although physicians fought to save his life, little hope was entertained for his recovery. A wife and two daughters survive.

SPENCERVILLE NEWS.

Spencerville, Ind., Oct. 25.—J. C. Vallien and family were Harlan visitors Saturday and Sunday.

Mr. and Mrs. Lee Chapman and Mr. and Mrs. Charles Chapman were Fort Wayne visitors Saturday.

The Harlan High school base ball team defeated the local high school team in a game here Saturday by a score of 4 to 8.

W. W. Fischer Sundayed with his family here.

The Misses Vera Silberg and Leila Horn visited with Miss Hallie Notestine Sunday.

Dean Metcalf and family and Miss Ethel Metcalf, of Fort Wayne, were Sunday guests of their parents, D. D. Metcalf and wife.

Rev. Byrt will preach at Woodburn next Sunday in Rev. Walter's place. Rev. Walter will preach here the same day and also at Wesley chapel.

Mrs. Porter Baker returned last evening from Peru, where Mr. Porter Baker is a patient in the Wabash hospital.

Lester VanZile and family, John Steward and family and Mrs. Orange VanZile, of Hurshtown, visited with John Hobaugh and wife Saturday.

The Hallowe'en social given by the young ladies of the Lutheran church was well attended Saturday night, although the weather was bad.

Mrs. Voll Hay and daughters, Leona Hay and Mrs. Ray Baker, left for Three Rivers, Mich., Friday to visit Mrs. Hay's sister, Mrs. Jane Hay and family.

D. D. Metcalf had a sale Tuesday and there was a large attendance. The Ladies' guild of the M. E. church served warm lunch all day.

Clem Treece and wife entertained at dinner Sunday David Smith and wife, of Hurshtown, and Lee Chapman and wife, of this place, and Elwood Nuttle.

F. D. Lake and wife, who are visiting here from Branch, Mich., and making their home with Louis Beery, visited John Dove and wife, of St. Joe, Sunday.

Miss Anna Squier, of near Auburn, visited J. C. Vallien and family Monday.

Mrs. Frances Squier, of Auburn, visited her sister, Mrs. George Kimes, Monday.

Rev. Hitchner and wife left for Battle Creek, Mich., Tuesday. Rev. Hitchner will enter a sanitarium for the benefit of his health, which has been failing for some time.

Zenith and Fern Wearly were home from Fort Wayne Saturday and Sunday.

W. G. Erick was at Fort Wayne Sunday, the guest of his brother, Beeks Erick and family.

Ralph Wise, of Butler, visited his sister, Mrs. J. C. Vallien and family Monday.

WOMAN'S COOKING WINS.

Wabash Man Yields Heart to Prepared Fine Supper.

Wabash, Ind., Oct. 25.—After having received twelve applications to an advertisement for a wife, at least half a dozen of whom appeared in person and were given trials to demonstrate their worthiness as housekeepers, William Bailey, 43, of this city, has found one to his liking.

Yesterday Miss Mabel Baker, of North Manchester, arrived to answer the advertisement. Going to the address given by Bailey and finding no one at home, she forced an entrance to his abode. Once within, Miss Baker was pleased to find Mr. Bailey an ideal housekeeper. In fact, she was so favorably impressed with conditions as she found them that she determined to win him at any cost.

Rolling up her sleeves, Miss Baker was soon engaged in preparing supper, and an hour later, when Mr. Bailey returned, biscuits and boiling coffee awaited him. After supper, plans were made for the wedding, and yesterday Rev. S. D. Colyer, pastor of the Christian church, was called to tie the knot.

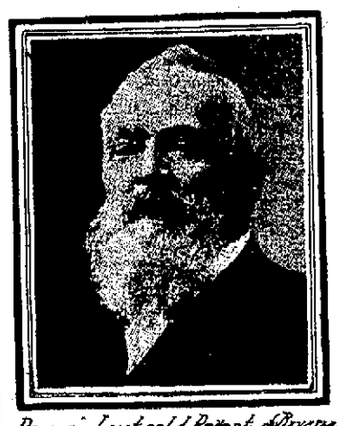
NEW LIGHTING SYSTEM.

Huntington, Ind., Oct. 25.—Great improvements will be made in the lighting system of the Erie offices in this city within a few weeks. With the arrival of Chief Electrical Engineer Eisenhauer, of New York city, comes the information that all offices will be re-wired as soon as an inspection has been made. After the re-wiring Tungsten lights will be put into all offices and the old style bulb will be a thing of the past. The present lighting system is not at all convenient, say some, the wiring not being up to the standard which Mr. Eisenhauer would like to see. The new style lights will add greatly to the appearance of the offices.

NO VERDICT AS YET.

Huntington, Ind., Oct. 25.—The county coroner has declared that he will have no verdict to render in the matter of the death of members of the Sterling Dubbs family at the Favorite crossing of the Wabash railroad until either George Bechtold, driver of the wrecked automobile, is restored to health and is able to give his version of the affair or death shuts off permanently any hope for more light on conditions.

LUITPOLD, OF BAVARIA, ILL.



Prince Luitpold Regent of Bavaria

Prince Regent Luitpold, of Bavaria, the "King without a throne," is said to be dying. He is ninety years old.

KENDALLVILE NEWS.

Kendallville, Ind., Oct. 25.—Misses Lelah and Marie Conners, of Geneva, are visiting at the home of Mrs. Ben Chrispin for a few days.

Miss Louise Bickel, of South Bend, is the guest of her parents here for a week.

Miss Lilly Bertch, of Fort Wayne, visited home folks over Sunday.

Mr. and Mrs. L. S. Patterson, of Elkhart, returned to their home after spending a few days with relatives and friends here.

Ray Glass was a business visitor at Fort Wayne today.

Earl Fisher, of Chicago, was the guest of his parents over Sunday.

Louis Robinson, of Goshen, transacted business here today.

Mrs. Milo Thomas, of Corunna, is visiting friends here today.

John Wade was a business visitor at Fort Wayne today.

Miss Ruby Martz, on South State street, delightfully entertained a number of her girl friends Saturday evening. The time was spent in games and music. Delicious refreshments were served.

Mrs. W. E. Keller and children returned to Toledo after a few days' visit with her parents here.

Mrs. William Crawford, who resides on Railroad street, is somewhat improved. She suffered a stroke of paralysis about a week ago.

Arthur Fleck spent the day with friends at Fort Wayne.

Miss Ruby Wright entertained the F. L. C. club at her home last evening on Mott street. A delightful evening was spent in playing cards. An appetizing luncheon was enjoyed by all present.

The Marquette Mandolin club will give a dance at the Commercial club rooms Friday evening.

Will Rinehult made a trip to Waterloo today on business.

H. Bentz, of Albion, spent a few days with friends here.

THIRD BUTCHER SHOP.

Columbia City, Ind., Oct. 25.—Mr. J. J. Fisher, of Urbanna, Virginia, has purchased the fixtures of Meyer brothers, of this city, and rented their business room in the Foust block to start a meat market about the middle of November. Mr. Fisher is a German, grown up in the butcher business and understands it in all its details. He served on the city council in his home town for eight years and is an intelligent and practical gentleman. He has rented the Dr. Sleasman property on East Van Buren street, and will move his family here.

MUZZLES TAKEN OFF.

Columbia City, Ind., Oct. 25.—The twenty-five days' limit on the dog muzzling rule which was put into effect in Whitley county expired today and owners of canines are now allowing their pets to roam the streets without wearing the troublesome masks. As a result of the order, two dogs were found to be suffering from rabies in a virulent manner, and were shot. About a dozen other dogs were shot in the county, and the order was successful in ridding the vicinity of a few worthless curs, and at the same time prevented trouble.

"HOLY GHOSTER" ARRESTED.

REV F W. SANDFORD

With stricken and hungry men, women and children straining at the pumps to keep afloat their stormtossed craft, the Rev. Frank W. Sandford, leader of the Holy Ghost and Us Society, of Shiloh, brought his yacht Coronet creeping into the harbor of Portland, Me., on October 21, only to be arrested in a damage suit brought by the wife of one of his chief followers. As the Rev. Mr. Sandford was being taken away by the civil authorities health officials hurried two of his sect to hospitals, ill of the scurvy, while the remainder beseiged a food salesman who chanced on board.

Why! He's Baldheaded

Yes! Hundreds of Thousands of Men are Baldheaded. Many at 35 and 40.

A baldhead doesn't mean an abundance of brains as most baldheads would pretend to believe. It does mean that if dandruff germs had been destroyed when dandruff first made its appearance the owner of the baldhead would still have his hair—also his brains.

But most baldheads are not to blame; they never heard until too late of PARISIAN SAGE, the delightful hair preparation that kills dandruff germs, eradicates dandruff, stops hair from falling and prevents baldness.

Save your hair now while you have hair to save. Meyer Bros. Co. guarantees PARISIAN SAGE for dandruff, falling hair, itching scalp and to put life and luster into faded hair. Fifty cents at Meyer Bros. Co. and druggists everywhere. The girl with the Auburn hair is on every bottle.

POE NEWS.

Poe, Ind., Oct. 25.—Brice True, of Fort Wayne, spent the week end with his parents, Mr. and Mrs. Charles True.

The Poe-Froedheim Telephone company did some repair work on their lines Tuesday.

Mr. and Mrs. Perry R. Caston and son William, Mr. and Mrs. John Reed, Mr. and Mrs. William Comer and Miss Ermel were entertained at the home of Mr. James Swaim, of Ossian, Sunday.

There was a missionary meeting held at the Poe M. E. church Wednesday evening.

Mr. and Mrs. R. M. Snider and daughter Ruth, of South Bend, spent several days at this place visiting relatives and friends and returned home Saturday.

Mr. and Mrs. Simon Somers and son Lucius spent Sunday with Mr. and Mrs. Harley Somers, of Sheldon.

Mr. and Mrs. Dan Hyde were entertained at the home of Mr. and Mrs. C. R. Kleber Sunday.

Mrs. George Morton is still improving and will soon be able to be about again.

NEW HAVEN NEWS.

New Haven, Ind., Oct. 25.—Rev. M. M. Thornburg is attending the theological institute of the North Indiana M. E. conference at Fort Wayne.

Mrs. Henry Zollinger, son Harold and daughter Thelma, of Fort Wayne, were Sunday guests at the home of Theodore Eggemann and family.

H. H. Ryan, of Huntington, was the guest of his father, Patrick Ryan, yesterday.

Mrs. M. Cameron visited in Fort Wayne Monday.

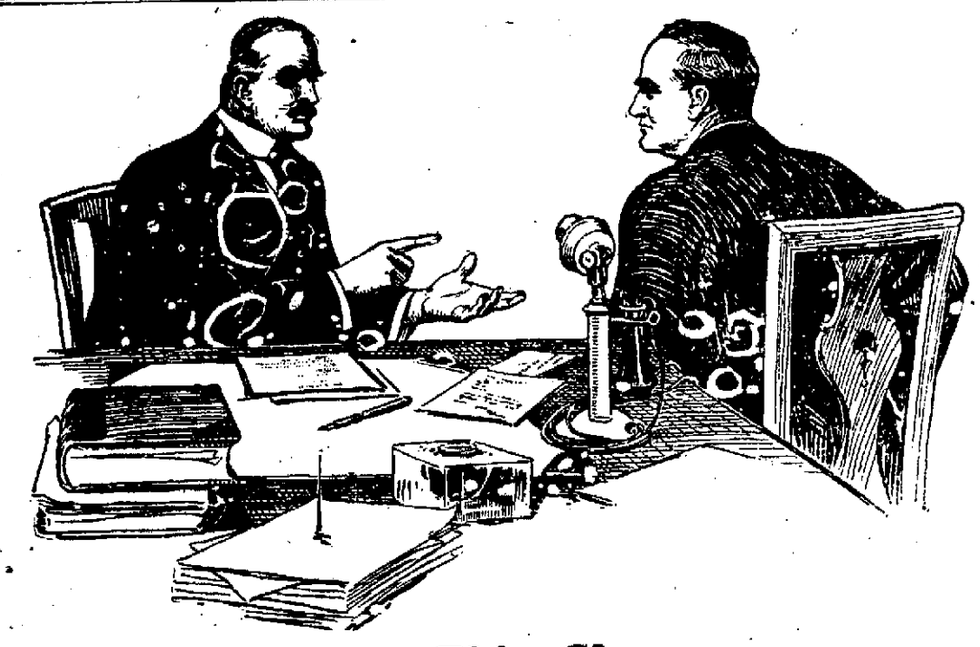
Ira Lare and family moved into their new home Friday.

Mrs. Rev. Thornburg is the guest of Fort Wayne relatives.

MINISTER HELD FOR MURDER.

THE REV. C. V. T. RICHESON.

The police of Boston, tracing back the history of the Rev. Clarence V. T. Richeson, under arrest charged with having given Miss Avis Linnell, who believed he intended to marry her, the cyanide of potassium that caused her death, find that he was able to sway the hearts of his women parishioners wherever he went. He was pastor of the Budd Park Baptist Church, Kansas City, Mo., from 1901 to 1904, but was forced to leave there, it is said, when he was confronted at the pulpit at the close of a sermon by three women, each of whom said the pastor had promised to marry her.



Get This Clear

The way to prove whether nervousness, heart or stomach troubles, insomnia, liver disorders, etc., are caused by tea and coffee, is to stop them for ten days or two weeks. You may learn something of value.

Simply leaving off the tea and coffee will work wonders. It is much easier if you shift to well-made

POSTUM

Then the brain works clear, nerves become steady, and the human machine runs smoothly, which it cannot do when clogged by a drug.

Among tea and coffee users, one in every three is hurt in some way by the drug---caffeine---in tea and coffee.

PUMPS HAVE MADE IT GARDEN SPOT

Cheap Fuel Oil is Transforming Kansas Short Grass Country.

TO IRRIGATE FARMS

Topeka, Kan., Oct. 25.—The farmers on the Western Kansas highlands, those away from the streams and where water must be pumped, have solved the problem of rainfall for their crops. Cheap fuel oil for engines to pump water from the inexhaustible underground supply is the answer. J. C. Mohler, assistant secretary of the Kansas board of agriculture, was sent to Western Kansas last week by F. D. Coburn, secretary, to see how the farmers felt and to gather ideas of whatever promise there was in that great prairie country. Mr. Mohler returned this week, bubbling over with optimism, with highland irrigation and the fine prospects for Western Kansas.

One Pump for Twelve Wells.

"Great progress is being made in irrigation through the utilization of the inexhaustible stores of underground waters available by pumping," said Mr. Mohler. "Large wells are put down through the water-bearing gravel and immense gasoline or kerosene or fuel oil engines are employed in drawing it. In one case a single pump draws water from a chain of a dozen wells, pouring out a large volume that no amount of pumping diminishes. In fact, the Arkansas River valley from Syracuse to beyond Garden City is punctured so full of holes it resembles a Swiss cheese in that respect. One of the most important recent developments, to my mind, is the irrigating from wells of the highlands, back from the valley, where it has for years been contended that the lift would be too great to justify pumping. But the large wells with the powerful engines burning the cheap fuel oil seem to have solved the problem. Where this pumping may be done it will transform the country into a garden spot most assuredly. The great significance of this method of irrigating on the highlands is the possibility of its application to unlimited areas. With such water available the land is easily worth at least $100 per acre for alfalfa alone.

One Well for 320 Acres.

"There are several highland wells that I saw between Garden City and Scott. These were just being put in operation, except one twelve miles southwest of Scott, on the property of J. W. Lough. He irrigated this year 180 acres, all the land he could make ready for crops, from a single well, and he believes he can pump enough water from it to irrigate 320 acres annually. Here was shown in a remarkable way, in the form of heavy yields in alfalfa, kaffir, milo, sorghum, oats, barley, melons and various vegetables, what a little water at the right time means on those rich soils. The yields were all the more surprising considering the diminished rainfall and dry, hot weather of the past season, of the same brand of unfavorable conditions served to many portions of the United States. Pumping plants are being installed especially in many of the southwestern counties, as Meade, Gray, Finney, Kearny, Hamilton, Scott and Sherman. At Hugoton, Stevens county, and Goodland, Sherman county, outfits are boring for artesian water. The Wilson & Dean artesian well at Richfield, Morton county, has flowed steadily all summer, night and day, at 600 gallons per minute, and they have a demonstration farm of melons, alfalfa and young trees suggestive of the value of their well. One of the most pretentious enterprises is that of the Gilbert Brothers, who are rehabilitating the old Soule ditch, ninety-six miles long, beginning at Ingalls. This is a combination gravity flow from the underground waters through the "sump" process, and pumping.

Banker Furnishes Seed Wheat.

"Further south in the wonderfully fertile country in the northern counties present conditions were found excellent and a large acreage of wheat is being sown. Seeding is still going on and where the wheat is up it is a fine stand and has a most thrifty appearance. A rain two weeks ago was greatly beneficial and another soaker came last Sunday. As one extensive wheat grower at Oberlin said: 'When we have our soil soaked up like this at this time of the year we can just about rest assured of a good wheat crop.' The farmers in Northwest Kansas, and especially in Decatur county, are paying much attention to the better preparation of the seed-bed and to the sowing of better seed. Otis L. Benton, a banker of Oberlin, is encouraging them in this in a most practical way. This year under a Liberal arrangement he furnished wheat for seed of the improved Kharof and Red Turkey to 106 farmers, who agreed to follow the instructions of the agricultural college authorities in preparing the land and sowing. There are about 8,000 acres sown under this plan.

"On my trip, touching at Meade, Fowler, Liberal, Bucklin, Dodge, Garden City, Syracuse, Richfield, Scott, Oakley, Colby, Goodland, Norton and Oberlin I failed to find a pessimistic farmer. There may be such, but if so they very successfully concealed their pessimism, and to a man they have the greatest faith in the country. And they may well have faith, for my investigations revealed that the old-timers, the men and women who stayed, were well fixed and many of them wealthy. Large holdings by the pioneers are common, and in several instances this fact, along with the other, that they were unwilling to dispose of any portion of their land, was given as a hindrance to the settlement and development of the country.

"If there are any misgivings about that country, it is not found among the splendid people living there and making their fortunes out of the intelligent development of its resources.

Can't Afford Cars, But Have Them.

"As suggestive of their finances, I might mention an incident at Meade. I dropped off the train and stepped into a garage to inquire the whereabouts of some persons I wished to see. I was talking with a rather oldish-appearing gentleman I took for a city dweller. When he learned I had come to visit among the farmers, he said:

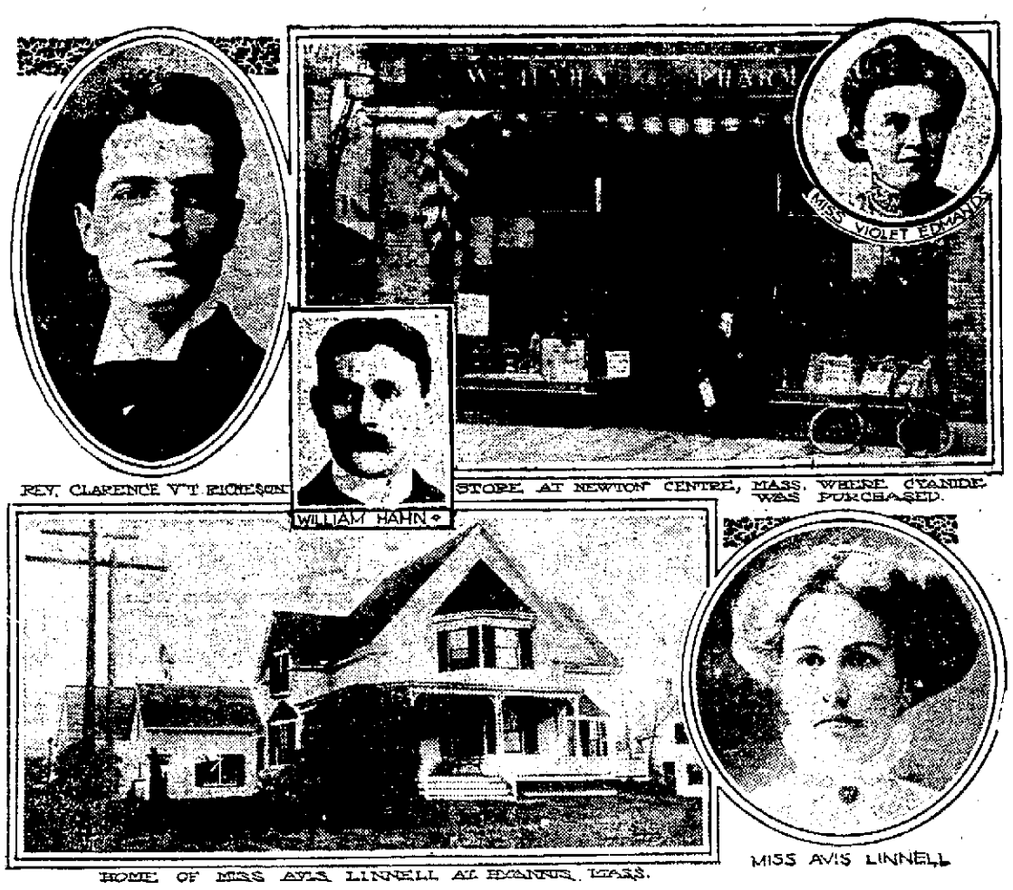
"'I'm a farmer. Come with me and I'll take you out to my home in my motor car. I just ran into town for some things for the women folks.'

"As we started off I asked: 'So you find your car a good investment?'

"'No,' said he, as he turned a corner on two wheels, 'I can't say that I do, but I get a lot of fun out of it.'

"He could afford a car on those grounds, just as quite a number of his neighbors can and do."

PRINCIPALS AND SCENES IN CONNECTION WITH SENSATIONAL MURDER.



REV. CLARENCE V. T. RICHESON
WILLIAM HAHN
STORE AT NEWTON CENTRE, MASS., WHERE CYANIDE WAS PURCHASED.
MISS VIOLET EDMANDS
HOME OF MISS AVIS LINNELL AT HYANNIS, MASS.
MISS AVIS LINNELL

As an evidence of the bitter feeling against the Rev. Clarence Richeson, who is accused of the murder of nineteen-year-old Avis Linnell, an effigy of the clergyman was hung from the limb of a tall elm tree in the yard of the Baptist Church at Hyannis, Mass., of which he was once pastor.

Moses G. Edmands, father of Miss Violet Edmands, to whom the pastor was to have been married October 31, has full confidence in Richeson and believes in his innocence. William Hahn, whose portrait is shown above, is the druggist who sold the poison to the accused man.

LOTS OF SOFT, FLUFFY, LUSTROUS HAIR AND NEVER ANY DANDRUFF

Double the Beauty of Your Hair in Ten Minutes With a Little Danderine.

When you see a head of heavy hair, that glistens with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous, you can at once conclude that this man or woman is using Danderine, because nothing else accomplishes so much for the hair.

Just one application of Knowlton's Danderine will double the beauty of your hair, besides it immediately destroys and dissolves every particle of dandruff; you cannot have nice, heavy, healthy hair if you have dandruff. This destructive scurf robs the hair of its lustre, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots famish, loosen and die; then the hair falls out fast.

If your hair has been neglected and is thin, faded, dry, scraggy or too oily, don't hesitate, but get a 25-cent bottle of Knowlton's Danderine at any drug store or toilet counter; apply a little as directed and ten minutes after you will say this was the best investment you ever made.

We sincerely believe, regardless of everything else advertised, that if you desire soft, lustrous, beautiful hair and lots of it—no dandruff—no itching scalp and no more falling hair—you must use Knowlton's Danderine. If eventually—why not now? A 25-cent bottle will truly amaze you.

$10.00

Will Start Your Library

Later when you want sections you can always get them at $3.00 per section. Any finish you want without any extra charge. Made of Solid Quartered Oak. Always remember that when you buy a

STORIES WAFTED FROM THE ORIENT

Smoke Dreams Told in a Shanghai Garden by Americans.

THREE IN SYMPOSIUM

(Foreign Correspondence.)

Shanghai, China, Oct. 25.—Three Americans sat in the public garden which faces Whangpoo Creek and marks the end of the English Bund in Shanghai. One of them was a missionary whose station is in the interior of China. Another was an English engineer who had spent many years in India. The third was a Texan, recently arrived in China on a leisurely trip around the world. The three smoked in silence while the band played a piece of American ragtime and then the missionary broke the silence.

"I have lived out here for ten years," he said, "and the longer I live here the more mystified I am when I try to understand the working of the Chinese mind when it decides judicial problems. We had a very interesting trial in my village only a few days ago and the result was very different from what one would expect in a western court.

"Chow Ling, a tea merchant, who had recently prospered, decided that he could broaden his matrimonial relations and looked out for a No. 2 wife. He found a girl to his liking and after a good deal of dickering with her mother they agreed on $300 as the amount to be paid by him.

"After the money had been paid, the girl's mother heard new reports of Chow's prosperity and decided she had not demanded a price as high as she could have received. The day before the time set for the wedding she hired a band of rowdies to waylay the marriage procession and carry off the bride, and this program was executed.

The Rowdies Got Revenge.

"Chow Ling complained to the magistrate and soon the girl and her mother appeared in court. The magistrate heard all the evidence and then decided that the mother should pay the $300 she had received to him in way of a fine. So poor Chow Ling is without either his bride or his $300, and besides that is in not very good standing with his first wife because of his plans to supplant her with a younger No. 2. The mother, who lost her $300, refused to pay the rowdies so the next day they went to her house and broke up all the furniture."

The English engineer threw his cigar stump into the creek.

"That's a typical Chinese court verdict, he said, 'but we must not think that these Oriental people are unprogressive. They are advancing all the time and sometimes they surprise you in the way they adapt western ideas or inventions.

"A few months ago I was in Gwalior, India, when a couple of tigers had been terrifying the country. They had killed a large amount of live stock and had invaded some of the villages and killed a few natives.

"The usual preparations for an extensive tiger hunt were being made when one of the natives succeeded in trapping the two brutes in a special hut he had built for the purpose. They went inside after the bait he had placed there, the door was swung to and automatically bolted. The tigers were inside, right enough, as anyone could know when he got in earshot of them, but the problem was how to get them out.

The Problem Solved.

"Everyone puzzled over this for a few days, while the tigers got hungrier and hungrier, and it became increasingly dangerous to let them out. Then the very capable head shikari of the maharajah of Gwalior solved the problem.

"He brought a lot of sticky flypaper and carpeted the approach of the hut with it, leaving the beasts no opportunity to escape except over the sticky substance. When these preparations were completed the door was swung open and all the natives retired to the highest trees to watch the developments.

"The two tigers came rushing out and immediately found sheets of sticky flypaper clinging to their paws. In trying to get it off they plastered their eyes and noses with the same material and then rolled over and over in their anger until they became completely enveloped in heavy sheets of paper. In this helpless condition the head shikari's men rushed in and tied them securely."

The Texan had listened to these stories with all the interest of a tourist who is new to the Orient.

"That beats any hunting story I ever heard a cowpuncher tell," he said, "and we've got some pretty good prevaricators out near the border, too.

"But I guess you fellows have never had many man killers out this way, so I am a kind of curiosity, because I belong to that class.

Here he held up a big left hand, and against the light the missionary and the engineer could see that the third finger was gone.

"It was down at San Antonio," continued the Texan, "in the early '90's when things were a good deal more free and easy than they are now that the town has gone into the winter resort business and doesn't want to shock its profitable visitors. But at that time you could go for a quiet little game of poker and feel perfectly safe because the police would look in every now and then to see if there was any fighting going on.

The Sharper Held Four Aces.

"Being in the cow business, I played poker, and one night I sat down in a game with a stranger to me, but a man who was suspected of being a little too smooth with the cards. He sat just opposite me and we hooked up occasionally in the early part of the game with varying results.

"Finally I had corralled quite a collection of chips, when a hand was dealt me and I skinned back my cards to see four kings looking me in the face. Naturally I opened and this stranger raised, then I raised a few times and finally each of us drew one card. The way we bet established a new record around there, and after a few futile efforts everyone else dropped out and left us in the game alone.

"I felt perfectly confident. I had seen a man next to the stranger discard an ace, so I knew he couldn't have me beat on four of a kind. Finally we didn't have anything left to bet, and when the showdown came he laid down four aces, just topping my fours. I knew he had worked an old game, picking up his confederate's discarded ace, instead of the card dealt to him from the pack.

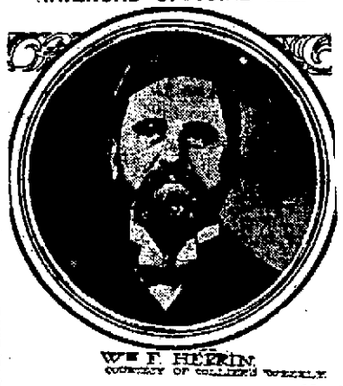
"The only thing I could do was to get out my artillery, and the stranger had the same impulse. The difference in results was that they buried the stranger the next day, and the doctor trimmed off part of this finger.

"But the peculiar part about that shooting scrape was that when the witnesses came up in court the next day they all swore that only one shot had been fired and wouldn't believe otherwise until they were shown my missing finger and the empty shell in the stranger's gun."

"Did you have any trouble with the courts over the shooting?" asked the missionary.

"No," replied the Texan. "That was justifiable homicide."

RAILROAD OFFICIAL ILL



WM F. HERRIN
COURTESY OF COLLIER'S WEEKLY

William F. Herrin, vice president and chief counsel of the Southern Pacific Railroad, is seriously ill in San Francisco, following an operation for appendicitis.

The best plaster. A piece of flannel dampened with Chamberlain's Liniment and bound on over the affected parts is superior to a plaster and costs only one-tenth as much. For sale by all dealers.

LAZY LIVER, BILIOUSNESS, HEADACHE, COATED TONGUE OR A BAD STOMACH

You men and women who somehow can't get feeling right—who have an almost daily headache, coated tongue, foul taste and foul breath, dizziness, can't sleep, are nervous and upset, bothered with a sick, gassy, disordered stomach, or have backache and fell all worn out.

Are you keeping clean inside with Cascarets—or merely forcing a passageway every few days with salts, cathartic pills or castor oil? This is important.

Cascarets immediately cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry off the decomposed waste matter and poison from the intestines and bowels.

A Cascaret tonight will straighten you out by morning—a 10-cent box will keep your entire family feeling good for months. Don't forget the children—their little insides need a good, gentle cleansing, too.

OWEN'S MOTHER NOTABLE WOMAN

Indian Had Come Into Fame as Author and Artist.

DEAD AT 80 YEARS

Kansas City, Oct. 25.—Mrs. Narcissa Owen, eighty years old, mother of United States Senator Robert L. Owen, who died recently at Guthrie, was a Cherokee Indian, a native of Webbers Falls, in old Indian Territory, and had achieved fame as an author and artist. Her principal book was a history of the Cherokee Indians.

Mrs. Owen's history was full of interest from the time her father, Chief Robert Chisholm, died until she had educated herself and was self-sustaining, having a position in the Masonic high school at Fort Smith, Ark. It was there that she first met Dr. Robert Latham Owen, of Virginia, who became her husband. With 500 other women from her section during the civil war she made uniforms day and night. She nursed the wounded and gave her all to feed the southern army when evil days fell upon it. After her widowhood Mrs. Owen returned to teaching. She taught in one of the schools until after her son, Robert Latham Owen, the senator from Oklahoma, became Indian agent and a lawyer of fair promise.

Mrs. Owen until three years ago was as sturdy and erect as one of the warriors of her race, but she then suffered a stroke of paralysis. Her home was full of trophies of the heroic days of her line and she could tell as thrilling a story as Cooper could pen. It was Mrs. Owen's father who received from Thomas Jefferson the famous peace medal which marked the perfect harmony of the United States government and the Cherokee tribe.

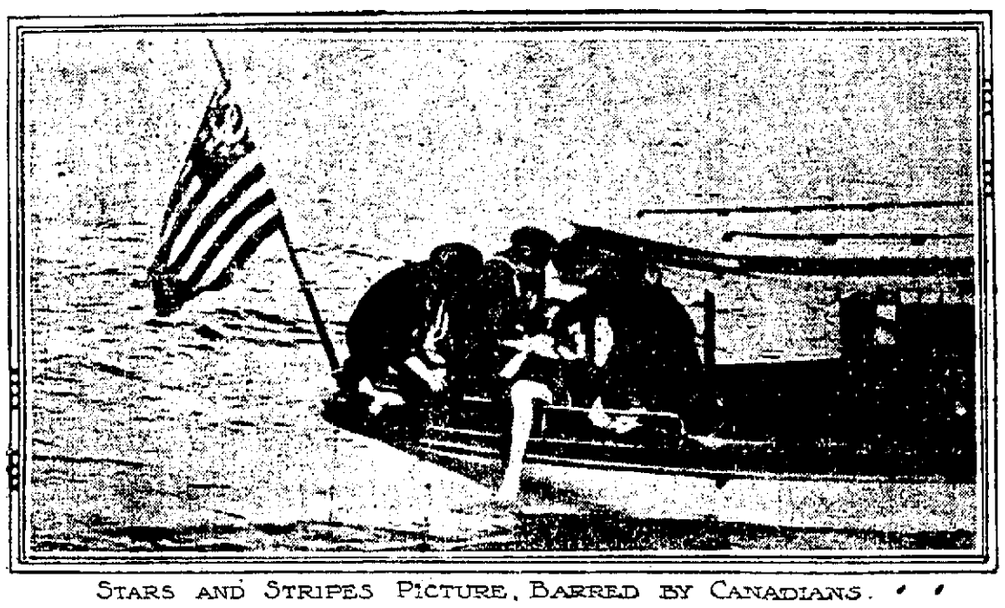
Mrs. Owen was directly descended from Queen Quatsis, lineal successor of the seven original chiefs of Cherokee blood of many years ago, and was her- self one-sixteenth Cherokee. Practically all along the line Mrs. Owen boast- ed unusual ancestry.

SAVIORS OF LOST ON ALPINE HEIGHTS

MONKS OF ST. BERNARD

With October sets in the dreary nine months of winter in the neighborhood of the famous Alpine hospice, when all the travellers are poor and the snow-storms frequent. The monastery is in charge of fifteen Augustine monks, who, in accordance with the rules of their order, receive and minister to the wants of all comers. During times of storm and snow parties of monks, with servants and dogs, descend daily on the Swiss and Italian sides of the pass in search of possible wayfarers weakened by exposure or confused by the drifts.

TO STARS AND STRIPES AT PICTURE SHOWS



STARS AND STRIPES PICTURE, BARRED BY CANADIANS.

"Cut out the Stars and Stripes." This was the admonition pasted on a returned film which several days ago gave warning of a campaign that will be started November 1 by Ontario, through its Board of Censors, against the display in moving picture shows of the American flag and American deeds of valor. Recent disturbances throughout the province caused the move, according to George R. Armstrong, chairman of the Board. In one instance an audience became so insistent that the proprietor was forced to withdraw a pictorial drama in which the United States flag ap- [illegible]

The MUNSEY For November

The Munsey for November carries a message of assurance and faith in the nation and its resources. It strikes a note of optimism that is inspiring and helpful.

James Lane Allen

AUTHOR of "THE CHOIR INVISIBLE," "THE KENTUCKY CARDINAL," Etc.

contributes an article entitled "The National Spirit of Thanksgiving." It is a masterpiece of literary expression—the first important magazine contribution from the pen of this eminent novelist. It is richly illustrated by six full-page decorations in color by William de Leftwich-Dodge.

Princes of The Earth

By FORREST CRISSEY

There is a ranchman in California whose domain is twice the size of the kingdom of Belgium. Scores of his neighbors rule over broader acres than most of the feudal barons of the Old World. In America, we have "The Princes of the Earth," and in this article we learn who they are, how great is their wealth and how far-reaching their land-holdings.

Why The American Farmer Is Rich

By ISAAC F. MARCOSSON

The farmer occupies the strategic position in our economic life. So long as ninety million mouths demand food, the farmer, from his fertile acres, has his established income. This article is a study in optimism and a rebuke to the pessimist's cry of "wolf!"

Rev. Newell Dwight Hillis, D. D.

(PASTOR of PLYMOUTH CHURCH, BROOKLYN)

writes entertainingly about "The Beecher Family." The article is rich in anecdotes of Henry Ward Beecher, Harriet Beecher Stowe, President Lincoln, Secretary Stanton and others in public life who came under the influence of this remarkable family.

Other Notable Features

of The Munsey for November are the new serial story, "The Bandbox," by Louis Joseph Vance; the Financial Department, with its sane, helpful suggestions to investors; Stage Comment by Matthew White Jr., and the usual number of able, informative Editorials. There are also eight interesting short stories.

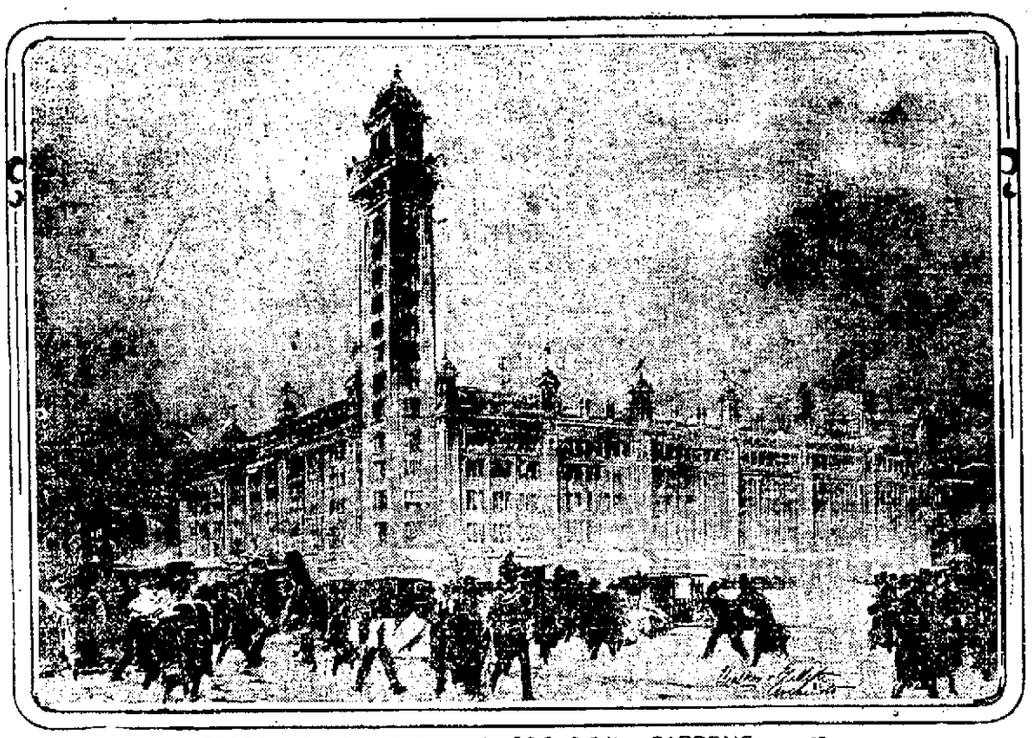
GRAND STRUCTURE IN NEW YORK TO SUCCEED MADISON SQ. ARENA



PROPOSED BUILDING FOR BROADWAY GARDENS
WALKER AND GILLETTE, ARCHITECTS

A magnificent six story structure will soon be built in New York to take the place of Madison Square Garden as the home of the horse show, the circus, the automobile show and other popular annual exhibitions requiring vast space. The building is to be erected on Broadway, between Forty-seventh and Forty-eighth streets, and will be known as the Broadway Garden.

The seating capacity of the arena when used as a meeting auditorium will exceed twenty thousand, that of the street level theatre eleven hundred and of the roof theatre two thousand. The time set by the architects for the completion of the entire structure is September 1. The estimated cost is about $1,500,000.

RUSSWIN LIQUID DOOR CHECK

Don't Waste Your Time

Energy and patience, don't make unnecessary demands on children or servants when you can so easily secure the service required by mechanical means.

A RUSSWIN LIQUID DOOR CHECK will close your door the moment you have passed through—close it quickly, quietly and securely.

In these days of strenuous living you have use for all of your time, all of your strength and all of your patience.

Don't waste them on trifles, but come and see us at once and put a stop to your door troubles.

THE MARKETS

GRAIN AND PROVISIONS.

Chicago Market.

Chicago, Ill., Oct. 25.—Prospects of a large yield in the Argentine Republic, offsetting whatever shortage there may be in other countries, lowered the wheat market today by several pegs. The opening was a shade to ¼@⅜c lower. December started at $1.01½ to $1.01¼@1.01⅝, a loss of a sixteenth to ⅛c, and then declined to $1.01⅜.

In corn, owing to the fine weather, the crowd was disposed to work on the selling side. December opened ¼@⅜c down at 65@65⅛c to 65¼c and fell to 64⅝c.

Oats suffered in price, owing to the weakness of corn. December started a shade to ⅛@¼c off at 47⅜c to 47¾c and sagged to 47⅛@47⅝c.

Large receipts of hogs brought about an easy tone in the market for provisions. Initial sales were 2½@5c lower to 2½c up, with January options $15.67½ for pork, $8.97½ for lard and $8.10 for ribs.

Range of Prices for the Day.

Chicago, Ill., Oct. 25.

OIL.

Toledo Market.

Toledo, O., Oct. 25.—North Lima, 82c bbl; South Lima and Indiana, 77c bbl.

STOCKS AND BONDS.

The Day on Wall Street.

New York, Oct. 25.—The stock market was almost motionless at the opening today. There was not enough business to give any appearance of animation. The only stock to move more than a small fraction was Canadian Pacific, which gained a point.

When stocks began to show hesitation at a slightly higher level traders sold the market. All of the active stocks reacted half a point to below yesterday's closing, and speculation became lifeless again.

The stock market drifted idly through the morning session. Prices ruled steady.

American Tobacco bonds moved upward, the 6s rising a point. New York Air Brake made up part of its recent heavy loss. Amalgamated Copper was pushed up to above 54. Bonds were steady.

An abrupt fall in the Republic Steel stocks caused the general list to sell off slightly, but there was no material increase in the volume of business. The heaviness of Republic Steel was due in part to the thin market for inactive securities and the general unfavorable trade conditions affecting steel corporations.

A large proportion of the active traders took the afternoon off to witness the ball game and the market in consequence was neglected. Prices, however, were maintained within a small fraction of yesterday. American Cotton Oil preferred broke 5 points.

REAL ESTATE.

HOMES IN SOUTH WAYNE

The Wildwood Builders company in devoting its especial attention to South Wayne has been actuated by the fact that that portion of the city is peculiarly adapted to the building of modern homes. The elevation of the railroad tracks has removed the only objection that was ever urged against it, and it is today developing with wonderful strides. The most elevated land in the city and well removed from the rivers and the noise and smoke of the downtown district, its physical attractiveness leaves nothing to be desired, while the numerous street car lines render it easily accessible. Within the past few years thousands of excellent citizens have come to Fort Wayne and the great majority of them have taken up residence on the south side, developing this section remarkably. Fine homes have been built, streets paved, and all other improvements made to the end that property has advanced very materially in value. And this enhancement is just getting well under way. Within ten years the bulk of the real estate in the residence district of South Wayne will have doubled in value and those who now own homes or who buy them within the next year or so will reap the benefit. We have secured some of the most desirable property in this favored section and we are building upon it the sort of homes that are desired by the people who know the good things of life. Moreover, we are offering these places at prices that must appeal to the good judgment and business sense of all. We now have several model homes just ready for occupancy and we invite inspection.

THE WILDWOOD BUILDERS
PHONE, 2147. SHOAFF BUILDING.

In Bloomingdale

On St. Mary's Ave., and close to St. Mary's on High St. and Sinclair Ave., I have 17 choice building lots left, which I will sell at a very reasonable price and on the payment plan. Mr. Railroader and Knitter, you can secure a home in this place through me. Pay for your lot this winter and build in Spring.

In Forest Park Addition

There are some very choice lots for sale just now. Now is the time to buy in this Addition. Ask the man who bought a lot there a year or two ago why you should buy now. More building is going on in this Addition than in any other three Additions. More improvements are in and being made. Some lots have all improvements made, including paved street. The prices run from $350 to $750.

EASILY BREAKS A SEVERE COLD

Also Ends All Misery from the Grippe in Just a Few Hours.

Pape's Cold Compound is the result of three years' research at a cost of more than fifty thousand dollars and contains no quinine, which we have conclusively demonstrated is not effective in the treatment of colds or grippe.

It is a postive fact that a dose of Pape's Cold Compound, taken every two hours until three consecutive doses are taken, will end the Grippe and break up the most severe cold, either in the head, chest, back, stomach, limbs or any part of the body.

It promptly relieves the most miserable headache, dullness, head and nose stuffed up, feverishness, sneezing, sore throat, running of the nose, mucous catarrhal discharges, soreness, stiffness and rheumatic twinges.

Take this harmless Compound as directed, with the knowledge that there is no other medicine made anywhere else in the world, which will cure your cold or end Grippe misery as promptly and without any other assistance or bad after-effects as a 25-cent package of Pape's Cold Compound, which any druggist in the world can supply. adv

The Hotel Centlivre Restaurant.

Beginning Wednesday will serve from 11 a. m. till 8 p. m., a specially prepared dish for each day in the week. Thursday's special will be an aviation dinner a la Centlivre, which you will find to be a very appetizing dish at a moderate price. Any lady who desires the recipes for these various dishes can obtain them by calling up the Hotel Centlivre. Watch this space for tomorrow's special. 24-5t

I have high-class investments in Local Bonds and Local Stocks. C. F. Pfeiffer, Shoaff Bldg.
